NYISO Registration

TRADING HUBS FORM – to add/remove Trading Hub Energy Owner Privilege

The Trading Hub Energy Owner privilege allows an Organization to be assigned as the Source Organization for Trading Hub transactions whose source is a Trading Hub, or to be assigned as the Sink Organization for Trading Hub transactions whose sink is a Trading Hub. The Trading Hub Energy Owner is responsible for any Trading Hub energy settlement obligations associated with Trading Hub transactions with which they are the Source or Sink Organization.

1. COMPANY NAME: _________________________________

2. For active MP companies that are currently Credit approved & with active authorization flags for participation in Transaction Bidding

   Please complete this form to request the NYISO Customer Relations Department to add (or remove) the Trading Hubs Energy Owner Privilege.
