Re: New York Independent System Operator, Inc., Docket No. ER01-2536-002

Dear Ms. Fernandez:

By letter dated January 18, 2002, the New York Independent System Operator, Inc., ("NYISO"), in response to your letter request of January 16, 2002, submitted EFOR<sub>d</sub> rates for mitigated in-city generators of 5.00% for the 24-month period of September 1999 to August 2001 and 10.75% for the 36-month period of September 1998 to August 2001. Our January 18, 2002, letter also explained that the rates provided reflected the fact that the NYISO did not have data available for all mitigated in-city generators for the period September 1999 to December 1999.

Since January 18, 2002, however, the previously missing generator data has been submitted to the NYISO from the generators. As a result, NYISO has recalculated the average EFOR<sub>d</sub> rates provided in the January 18 letter. The recalculated rates are as follows:

36-month average EFOR<sub>d</sub> rate - 12.58%  
24-month average EFOR<sub>d</sub> rate - 6.59%  
12-month average EFOR<sub>d</sub> rate - 6.92%

Please contact me if I can be of further assistance in this matter.

Very truly yours,

Belinda Thornton
