Consolidated Edison Company of New York,
Inc.

Docket Nos. EL01-45-001 and
ER01-1385-001
(Not consolidated)

NOTICE OF EXTENSION OF TIME

(March 5, 2002)

On February 28, 2002, the New York Independent System Operator, Inc. (NYISO) filed a motion for an extension of time to submit the comprehensive market power mitigation compliance filing required by Commission's orders issued November 27, 2001, in the above-docketed proceedings. The motion states that additional time is needed to ensure that the comprehensive mitigation proposal is complete and fully reflects the views expressed by stakeholders during an extensive consultation process which the NYISO recently conducted. The NYISO further states that the results of the consultations must be given serious consideration and have resulted in a number of improvements to its mitigation filing.

Upon consideration, notice is hereby given that an extension of time for the NYISO to file the market power mitigation proposal required by the Commission's November 27, 2001, orders, is granted to and including March 11, 2002.
