

NYISO Business Issues Committee

March 16, 2005

New York State Nurses Association

MOTION FROM THE MEETING

Motion #1:

The Business Issues Committee:

1. Recommends the Management Committee (MC) approve modifications to Section 3.0(ii) of Rate Schedule 3-A, and Section 4.5(ii) of Article 4 of the Market Services Tariff to increase the current 365 MW exemption from under-generation penalties to up to 499 MW, consistent with the presentation made to the BIC on March 16, 2005, to become effective by May 1, 2005.
2. Approves of the on-going comprehensive assessment of scheduling, dispatch, compensation and penalty rules by the ISO and requests that the ISO Staff report to the MSWG in April with a description of the issues being addressed and the plan for working with Market Participants to complete the initial assessment by no later than October, 2005 and present its findings to the BIC for discussion and, as needed, action at no later than its November meeting and to the MC for discussion and, as needed, action at no later than its December meeting. BIC further requests the ISO to provide regular progress reports to MSWG as dictated by the need to confer with Market Participants in the process of resolving issues but at a minimum of every two months.
3. Requests that the ISO prepare and present to the BIC at its April meeting the ISO's Plan for dealing with start-up and shut-down penalties for generators, including combined cycle generators, as agreed to by the ISO in its quarterly reports to FERC in Docket Nos. ER04-230-002 et. al., for the period beginning June 1, 2005.

(Motion passed unanimously by show of hands with abstentions)
