

Attachment E:

Grandfathered External Installed Capacity Agreements

Existing Installed Capacity Agreements entered into by Load Serving Entities and Suppliers in the neighboring Control Areas prior to September 17, 1999 have a Grandfathered status for the duration of the original contract.

Grandfathered External Installed Capacity rights are described in Section 5.12.2 of the ISO Services Tariff.

The Grandfathered contracts associated with each of the neighboring Control Areas are listed below:

| Neighboring Control Area | Grandfathered (MW) | Contract Est. Date | Contract End Date |
|--------------------------|--------------------|------------------------|------------------------|
| PJM | 37 | 10/1/1990 11/1/1990 | 10/1/2030 11/1/2030 |
| PJM | 55 | 12/31/1996 | 8/31/2007 |
| PJM | 25 | 2/22/1999 | 4/30/2008 |
| ISO-NE | 50 | 9/25/1996 | 12/31/2013 |
| Ontario-IMO | 55 | 8/16/1996 | 12/31/2008 |
| Hydro Quebec | 400 | 4/1/1999 | 3/31/2004 |
