

Business Issues Committee

August 18, 2004 Meeting

Motion - Agenda #06

Motion:

The Business Issues Committee (BIC) approves the Proposed Virtual Regional Dispatch (VRD) Pilot Program, as presented to the BIC on August 18th, 2004, and recommends to the Management Committee that the NYISO should be authorized to submit the applicable Tariff modifications to the FERC.

As condition of this approval, NYISO staff, in conjunction with ISO-NE staff and, along with Market Participants, will engage in development discussions to bring Market Participant based solution(s) to this issue to the forefront as primary potential solution path(s), for discussion and action by BIC at a future date.'
