III. Proposed Effective Date

The NYISO proposes to make this filing effective as of September 26, 2001, the effective date granted in the Commission's February 27 Order in the above-captioned proceeding.

IV. Service List

The NYISO has mailed a copy of this compliance filing to all persons that have filed interconnection applications or executed Service Agreements under the NYISO Open Access Transmission Tariff, to the New York State Public Service Commission, and to the electric utility regulatory agencies in New Jersey and Pennsylvania. The NYISO has also mailed a copy to each person designated on the official service list maintained by the Commission in Docket Nos. ER01-2967-002 and ER01-2967-003.

V. Description of Proposed Revisions to OATT Attachment S

A. "Additional Comments" Section in the February 27 Order

In its February 27 Order, the Commission granted three requests for tariff language modifications that had been filed in the above-captioned proceeding by the Members of the Transmission Owners Committee of the Energy Association of New York State, formerly known as the Member Systems of the New York Power Pool. These are as follows:

The NYISO respectfully requests a waiver of 18 C.F.R. § 385.203(b)(3) to permit service on these counsel for the NYISO in both Washington, D.C. and Richmond, Virginia.

- 1. The Commission also directed the NYISO to modify the definition of Revised Project Cost Allocation, found in Section I.B. of OATT Attachment S, at Sheet No. 658, by adding to the end of the definition the term "by another Member of the respective Class Year." The NYISO has made this change, using the lower case of the term "member" to reflect the fact that it is not a defined term for the Developers in a Class Year.
- 2. The Commission directed the NYISO to modify Section IV.D. of OATT Attachment S, at Sheet No. 663, by changing the term "Commission-accepted tariffs or agreements", found in the next to last line of that Section IV.D., to "agreements or Commission-approved tariffs". The NYISO has made this change.
- 3. Finally, the Commission directed the NYISO to reinstate the term "identified" in place of "considered" in the second line of Section IV.F.3. of OATT Attachment S, at Sheet No. 669. The NYISO has made this change.

B. Correction of Typographical Errors

There are two typographical errors in the NYISO's December, 2001, compliance filing in the above-captioned proceeding. In Section I.B. of OATT Attachment S, at Sheet No. 657, in the fourth line of the definition of NYISO Minimum Interconnection Standard, the NYISO incorrectly uses the term "kilowatts" instead of the intended term "kilovolts". In Section IV.F.5.f., at Sheet No. 678, the NYISO incorrectly designates subsection "f." as subsection "f." as subsection "f.". Filing Attachments III and IV contain substitute tariff sheets to correct these two errors. Neither of these corrections modifies OATT Attachment S in any way.

VI. No Costs Relating to Discriminatory Employment Practices

The NYISO has no expenses or costs that have been alleged or judged to be illegal, duplicate or unnecessary costs that are demonstrably the product of discriminatory employment practices.

VII. Federal Register Notice

A form of *Federal Register* Notice is provided as Filing Attachment IV hereto. A diskette of the Notice is also provided in WordPerfect format.

VIII. Conclusion

WHEREFORE, for the foregoing reasons, the New York Independent System Operator, Inc. respectfully requests that the Commission accept for filing the revised interconnection cost allocation rules submitted in this compliance filing as revised Attachment S to the Open Access Transmission Tariff.

Respectfully submitted,

Arnold H. Quint Counsel for New York Independent System Operator, Inc.
