

Management Committee
November 29, 2006 Meeting
Motion - Agenda #07

Motion:

Whereas, the NYISO has discovered an inconsistency between (i) the description of the recovery of the costs of Operating Reserves from LSEs and Transmission Customers scheduling Exports in the NYISO Open Access Transmission Tariff ("OATT"), Rate Schedule 5, and (ii) the manner in which it actually recovers the costs of Operating Reserves from LSEs and Transmission Customers scheduling Exports, and

Whereas, the NYISO explained this inconsistency to the Market Participants at scheduled meetings of the Market Structures Working Group on October 11, 2006 and November 6, 2006, and at a scheduled meeting of the Business Issues Committee on October 18, 2006; and

Whereas, the Business Issues Committee reviewed the description of the issue provided by the NYISO on November 8, 2006, and approved the NYISO's recommendation that the manner in which it has been recovering the costs of Operating Reserves from LSEs and Transmission Customers scheduling Exports is an appropriate method for recovering the costs of Operating Reserves in the NYISO market and should be continued.

Now, therefore, the Management Committee approves an amendment to Rate Schedule 5 of the OATT for the purpose of a filing pursuant to Section 205 of the Federal Power Act, such amendment to conform the description of the recovery of the costs of Operating Reserves from LSEs and Transmission Customers scheduling Exports in the NYISO OATT, Rate Schedule 5, to the manner in which such Operating Reserves costs are currently being recovered by the NYISO, as is more fully described in the presentation materials provided to the MC at this November 29, 2006 meeting.
