Business Objects Upgrade

- ◆ **What:**
 - *To upgrade DSS platform from SAP Business Objects XI R3.1 to 4.1.*

- ◆ **When:**
 - *December 2015.*

Why upgrade?

- ◆ Mainstream SAP support for current version ends in 2015.
- ◆ Current version has limited compatibility with newer browsers.

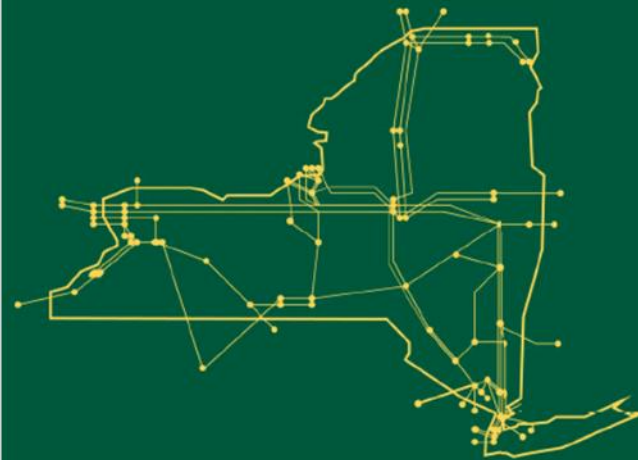

How will you be impacted?

- ◆ New look and feel.
- ◆ Existing processes (ADD, CADD) will not change functionally.
- ◆ Existing contents will not change.
- ◆ Links on the pages will not change.
- ◆ **Desktop Intelligence reports will no longer work and will not be migrated with the upgrade.**

What's next?

- ◆ December 2015 rollout.
- ◆ Training
 - *WebEx training sessions will be offered in Nov - Dec.*
 - *New training workshops will be offered in 2016.*

The New York Independent System Operator (NYISO) is a not-for-profit corporation responsible for operating the state's bulk electricity grid, administering New York's competitive wholesale electricity markets, conducting comprehensive long-term planning for the state's electric power system, and advancing the technological infrastructure of the electric system serving the Empire State.
