

PRLWG Meeting

February 27, 2006

- **Review of Proposed ICAP Manual Changes addressing SCR Rules**
 - Reviewed the revised language and offered a couple of minor changes to the Manual
 - Action Item at the March 8, 2006 BIC Meeting
- **Review of LIPA and Con Edison Direct Load Control Programs**
 - Programs are voluntary and targeted to residential central air conditioning and small businesses
 - Both programs will be expanding their customer base in 2006
- **Demand Response Program Registration and Status**
 - From the December Report, participation in the program is up slightly.
- **Update on the FERC Demand Response -Ancillary Services Order**
 - The NYISO responded to the FERC Order on February 28, 2006.
 - The NYISO requested FERC to allow it to implement a DSR real-time market integration project in the third quarter 2007.
