

Business Issues Committee

March 08, 2006 Meeting

Revised Motion - Agenda #06

Motion:

The Business Issues Committee (BIC) hereby approves revisions to Section 4 of the NYISO Installed Capacity (ICAP) Manual, as presented to the BIC on March 8, 2006.

The proposed revisions addressing installed capacity rules for intermittent and limited control run-of-river hydro resources will become effective with approval from FERC of proposed tariff modifications, as presented to and approved by the Management Committee on February 28, 2006.
