Rensselaer, NY  
*January 27, 2009*

# SCR Program – Data Submission

- ◆ Changes made to Sec. 5.12.11 of the MST to reflect 75-day meter data reporting requirement for SCRs
  - *Maintain consistency with proposed meter data reporting change for EDRP*
- ◆ Changes reflect input obtained at the Dec. 10 ICAPWG meeting

# Attachment G for EDRP

- ◆ Section IX. Verification – extends meter reporting to 75 days
- ◆ Attachment G changes presented to PRLWG on 5/19/08 and 12/08/08
- ◆ Other minor clarifications and corrections:
  - *Typographical errors: Sections II & XI, section numbering*
  - *Clarifications:*
    - Section VII – SCR resources with unsold capacity are automatically transferred to EDRP for the unsold month
    - Section X – Curtailment Service Provider provides evidence of reductions during an event

The New York Independent System Operator (NYISO) is a not-for-profit corporation that began operations in 1999. The NYISO operates New York's bulk electricity grid, administers the state's wholesale electricity markets, and provides comprehensive reliability planning for the state's bulk electricity system.
