

**NY ISO Market Structures Working Group Proposal to the
Business Issues Committee**

Award of TCCs for Transmission Expansions

June 22, 2000

Motion

The New York ISO Business Issues Committee (BIC) requests the NYISO to implement the software changes and draft tariff changes necessary to award TCCs to transmission expanders as described in the proposal presented to the BIC by the Market Structures Working Group at the June 22, 2000 BIC meeting.
