

**NY ISO Market Structures Working Group Proposal to the
Business Issues Committee**

**Day Ahead Market Modifications to Accommodate Flexible
Bidding and Bilateral Transactions**

June 22, 2000

Motion

The New York ISO Business Issues Committee (BIC) requests the NY ISO to implement the software changes necessary for Day Ahead Market (DAM) modifications to accommodate flexible bidding and bilateral transactions as delineated in the proposal presented to the BIC by the Market Structures Working Group at the June 22, 2000 BIC meeting.
