**Re: *New York Independent System Operator, Inc.*, Docket No. ER07-570-000  
Notice of Implementation of the Neptune Scheduled Line**

Dear Ms. Bose:

On February 23, 2007 the New York Independent System Operator, Inc. (“NYISO”) filed proposed revisions to its Open Access Transmission Tariff (“OATT”) and Market Administration and Control Area Services Tariff (“Services Tariff”) in which it sought to implement two new Scheduled Lines<sup>1</sup> -- the Dennison Scheduled Line and the Neptune Scheduled Line.<sup>2</sup> In its transmittal letter, the NYISO committed to providing two weeks’ notice prior to implementation of each of these new Scheduled Lines to the Commission, all NYISO Market Participants, and the affected External Control Area operators.

In accordance with its prior commitment, the NYISO hereby provides notice to the Commission, PJM Interconnection, LLC (“PJM”), and to New York Market Participants that it expects to fully implement the Neptune Scheduled Line in its Day-Ahead and Real-Time Markets on market day June 28, 2007. The NYISO is coordinating its implementation with PJM, which has operational control of the Neptune Scheduled Line.

This notice will be served on the official service list in this proceeding and will be posted on the NYISO’s website. Should the NYISO determine that it will be unable to implement the Neptune Scheduled Line on or about June 28, 2007, it will promptly notify the Commission, PJM and New York Market Participants.

<sup>1</sup> Capitalized terms not otherwise defined have the meanings ascribed to them in the OATT and Services Tariff.

<sup>2</sup> The Commission accepted the NYISO’s filing, subject to revision, on April 17 in the captioned proceeding. *New York Independent System Operator, Inc.*, Letter Order, Docket Nos. ER07-570-000 and -001 (April 17, 2007).

This letter addresses the implementation of the Neptune Scheduled Line. The NYISO will submit a separate notice to the Commission, New York Market Participants and Hydro Quebec Energy Services two weeks in advance of its planned implementation of the Dennison Scheduled Line. The NYISO presently expects to implement the Dennison Scheduled Line on or about August 1, 2007.

Please contact the undersigned with any questions regarding this letter.

Respectfully submitted,

/s/ Alex M. Schnell
