

Business Issues Committee
February 25, 2005 Meeting
Motion – Agenda #2

The Business Issues Committee (BIC) approves changes to the DAM congestion rent and TCC auction revenue shortfall allocation methodology (Methodology), as described to the BIC on January 19, 2005, and February 25, 2005. The BIC recommends that the Management Committee approve revisions to the NYISO tariffs consistent with the revised Methodology.

The BIC recommends that the Management Committee approve these changes retroactively to the original effective date of the Methodology (December 15, 2003, and January 1, 2004).
