

Business Issues Committee
March 11, 2003
Agenda Item 9

Motion to approve further modifications to pricing and settlement rules at non-competitive proxy generator buses to (i) identify the components of the prices that result from implementation of previously approved rules for setting real-time prices at non competitive proxy generator buses and (ii) to pay Bid Production Cost Guarantee payments for import transactions at non competitive proxy generator buses only when the interface, at which the non competitive proxy generator bus is located, is not export constrained.
