Re: Notice of Initial Decision Period to Class Year 2017-2 Project Developers – Initiation of Second Round

Dear Class Year 2017-2 Project Developers:

June 17, 2019 was the deadline for the Class Year 2017-2 Project Developers to provide notice to the NYISO indicating either acceptance (“Acceptance Notice”) or non-acceptance (“Non-Acceptance Notice”) of their respective Project Cost Allocations for System Upgrade Facilities (SUFs) and System Deliverability Upgrades (SDUs) and Deliverable MWs, as outlined in my *Notice of Initial Decision Period to Class Year 2017-2 Project Developers*, dated May 16, 2017.

This is to inform you that Non-Acceptance Events have occurred, and therefore, a second round of cost allocations will be required. Developer decisions are summarized in the table below.

Table – Class Year 2017-2 – Summary of Developers’ Initial Decisions			
Queue #/ Project	Project Cost Allocation for SUFs	Project Cost Allocation for SDUs	Deliverable MWs
421 / Arkwright Summit	Accepted	Accepted	Accepted
458 / CH Interconnection	Not Accepted	Not Accepted	Not Accepted
468 / Galloo Island Wind	Not Accepted	Not Accepted	Not Accepted
494 / Alabama Ledge Wind	Not Accepted	Not Accepted	Not Accepted
496 / Renovo Energy Center	Not Accepted	Not Accepted	Not Accepted
505 / Ball Hill Wind	Accepted	Accepted	Accepted
511 / Ogdensburg	Not Accepted	Not Accepted	Not Accepted
516 / Linden Cogen Uprate	Accepted	Not Accepted	Not Accepted
N/A / Linden Cogen (CRIS Only Request)	N/A	Not Accepted	A Not Accepted

As a consequence of the above Non-Acceptance Events, all Class Year 2017-2 Project Developers are relieved of their obligation to post Security in this Initial Decision Period round for their current respective Project Cost Allocations for both SUFs and SDUs, as applicable.

For the second round, projects that rejected their Project Cost Allocations for their applicable SUFs and/or SDUs will be removed from Class Year 2017-2 entirely. The NYISO will issue updated Class Year 2017-2 Facilities Study reports, including a Revised Project Cost Allocation for SUFs and SDUs and Deliverable MWs, by July 1, 2019, in accordance with Attachment S of the NYISO Open Access Transmission Tariff.

Once NYISO issues the updated Class Year 2017-2 Facilities Study reports, the remaining Developers will have seven (7) calendar days from the issuance of the updated reports to again notify the NYISO whether or not they accept their respective Revised Project Cost Allocations for SUFs and SDUs and their Deliverable MWs, provided however, a Developer that accepted an SUF and/or SDU Project Cost Allocation in the Initial Decision Period will not be provided with the option to accept or reject a Revised Project Cost Allocation following a Subsequent Decision Period unless the Revised Project Cost Allocation provides for (1) an increase in the SUF or the SDU Project Cost Allocation; or (2) a decrease in the Class Year Project’s Deliverable MWs. If the Developer is not provided with the option to accept or reject a Revised Project Cost Allocation, its Acceptance Notice from the Initial Decision Period will act as an Acceptance Notice in the second round Decision Period.

If there are no Non-Acceptance Events in the second round Decision Period, Developers will then have five (5) Business Days from the end of the Decision Period to (1) pay cash or post Security to the applicable Transmission Owner(s) for SUFs and (2) to pay cash or post Security for Headroom to the applicable prior Class Year Developer(s). If, however, any remaining Class Year 2017-2 Project Developers reject a Revised Cost Allocation for SUFs, SDUs, or Deliverable MW, the NYISO will need to prepare and issue updated second revised Class Year Facilities Study with Revised Project Cost Allocations and Deliverable MWs, as applicable.

Please refer to Sections 25.8.2 through 25.8.4 of Attachment S for details regarding the Class Year decision and settlement process.

If you have any questions, please call me at (518) 356-6025, or send me an e-mail at InterconnectionSupport@nyiso.com.

Sincerely,

Thinh Nguyen

Sr. Manager, Interconnection Projects
