234	Steel Winds II	Steel Winds, LLC	Josh Berkow	National Grid

Re: Class 2008 – Notice of Completion of the Decision/Settlement Process

Dear Developers and Transmission Owners:

This is to inform you that all remaining Class 2008 Developers (listed above) have accepted their respective Project Cost Allocations and have posted Security as required. Therefore, the decision/settlement process for Class 2008 has been completed.

Note, however, that two of the remaining Class 2008 projects (Q206 – Hudson Transmission and Q207 – Cape Vincent) were required to pay Headroom reimbursements to applicable prior Class Year Developers. I request that those Developers confirm to me that has been done, or if not, to provide a status and estimate of when it's expected to be done.

If you have any questions, please call or send me an e-mail at the number/address below.

Sincerely,

Steven L. Corey

Manager, Interconnection Projects
