Re: Notice of Initial Decision Period to Expedited Deliverability Study 2022-01 Members

Dear Expedited Deliverability Study 2022-01 Members:

This notice is served as the “Notice of Initial Decision Period to Expedited Deliverability Study 2022-01 Members.”

The Expedited Deliverability Study 2022-01 (EDS 2022-01) formally commenced on April 25, 2022. On September 22, 2022, the NYISO Operating Committee approved the EDS 2022-01 study results.²

In accordance with Section 25.5.9.2.4 of Attachment S to the NYISO OATT, each project for which to which this notice issued must respond to the NYISO in writing and via electronic email to InterconnectionSupport@nyiso.com within five (5) Business Days – **on or before September 29, 2022** – following the NYISO Operating Committee approval of the EDS 2022-01 study to indicate whether it shall accept (an “Expedited Deliverability Study Acceptance Notice”) or not accept (an “Expedited Deliverability Study Non-Acceptance Notice”) the Deliverable MW, if any, reported to it by the NYISO in the Expedited Deliverability Study report. A project with no Deliverable MW need not provide a notice.

Failure to notify the NYISO by **September 29, 2022** by a Developer as to whether it accepts or rejects its Deliverable MW, if any, will be deemed an Expedited Deliverability Study Non-Acceptance Notice.

If you have any questions, please call Think Nguyen at (518) 356-6025 or send an e-mail to InterconnectionSupport@nyiso.com.
