

IMPORTANT NOTICE – CONFIRM SECURITY POSTINGS BY NOVEMBER 22, 2011

November 16, 2011

TO: Remaining Class Year 2009 Project Developers

Queue Pos.	Project	Developer	Contact(s)
222	Ball Hill Windpark	Ball Hill Windpark, LLC	Bob Charlebois
232	Bayonne Energy Center	Bayonne Energy Center, LLC	Paul Barnett, Mike Gregg
245	Fulton County Landfill	Innovative Energy System, Inc.	Dennis Plaster

Re: Notice of Class 2009 4th Round Decision Results – Request to Confirm Security Postings

Dear Developer Representatives:

On November 8, 2011, a notice was sent to you regarding the *Fourth Round Addendum to Class 2009 Facilities Studies* and corresponding cost allocations for System Upgrade Facilities (SUFs) and System Deliverability Upgrades (SDUs) for the remaining Class 2009 Projects, and requesting each of you to provide a notice of acceptance or non-acceptance of your revised cost allocation(s) and Deliverable MWs by November 15, 2011. This is to inform you that all the remaining Class 2009 Developers have accepted their respective cost allocations and Deliverable MWs, as applicable (see Attachment A).

Now, the remaining Class 2009 Developers must pay cash or post Security in the full amount of their respective Project Cost Allocations for SUFs and SDUs, as applicable, to the respective Transmission Owner(s) **within five (5) business days from November 15, 2011 (i.e., by November 22, 2011)**, in accordance with Attachment S of the NYISO OATT. The applicable Transmission Owner(s) for each Developer are identified in Appendix A to this notice. Section 25.8.2.1 of Attachment S states, “[t]he Security can be a bond, irrevocable letter of credit, parent company guarantee or other form of security from an entity with an investment grade rating, executed for the benefit of the Connecting Transmission Owner and Affected Transmission Owner(s), meeting the requirements of Attachment S, and meeting the commercially reasonable requirements of the Connecting Transmission Owner and Affected Transmission Owner(s).” Additional details regarding this requirement are found in Attachment S.

Since cash payments or Security postings had been made after the Third Round Decision Period, I request each of the Developers to confirm that the required cash payments or Security postings for their Fourth Round cost allocations have been made or remain in effect. By copy of this notice, I request the Transmission Owners to confirm to me that the required cash payments or Security postings have been made and meet their requirements.

In the event that any Security Posting Default occurs, NYISO would need to prepare and issue yet another revised Class 2009 Facilities Study report and cost allocation, in accordance with Attachment S.

Note that the Class 2009 cost allocation included a calculation of Headroom payments from Class 2009 Developers to prior Class Year Developers for usage of functional and electrical Headroom on certain System Upgrade Facilities (see Attachment A). The applicable Class 2009 Developers also must make arrangements to pay Headroom reimbursement(s) to the applicable prior Class Year Developer(s) as

indicated. I request any Developer required to make a Headroom payment to confirm to me that such payment has been made.

If you have any questions, please call or send me an e-mail at the number/address below.

Sincerely,

Steven L. Corey
