MIS - SCD report not created

MIS - SCD report not created

due to load pickup, however, further review requested for magnitudes in absence of congestion.

MIS - Day light Savings Time repeat of hour beginning 1 caused double intervals in this hour - problem was created for 2nd hour beginning 1

for HB11 was a mislabeled HB10 SCD report

fig. Comp fell out of price

D report - was recovered and checked out

fully - eventually recovered.

file created

if CE constraint

reserved for price spike in hour beginning 10:00

Spike appears anomalous given price patterns around this time
