

## MEMORANDUM

TO: BPWG

FROM: Kevin Lang

SUBJECT: Climate Change Background Materials

DATE: June 1, 2018

At the last BPWG meeting, a request was made for access to studies prepared by Con Edison and the City of New York that address the issue of climate change. I offered to provide some source materials that the City has prepared or used. This memorandum provides that information.

1. New York City, “A Stronger, More Resilient New York,” issued June 2013. It can be found at: <http://www1.nyc.gov/site/sirr/report/report.page>

The Report covers many topics in addition to energy. Via this link, the entire document, or selected chapters, can be accessed.

2. New York City Panel of Climate Change, “Building the Knowledge Base for Climate Resiliency: New York City Panel on Climate Change 2015 Report,” issued January 2015, Annals of the New York Academy of Sciences, Vol. 1336, Issue 1. It can be found at: <http://www1.nyc.gov/site/orr/challenges/nyc-panel-on-climate-change.page>
3. NYSERDA, “Responding to Climate Change in New York State – Technical Report,” issued November 2011, Final Report No. 11-18; Update, issued September 2014, Final Report 14-26. The reports and related materials can be found at: <https://www.nyserda.ny.gov/About/Publications/Research%20and%20Development%20Technical%20Reports/Environmental%20Research%20and%20Development%20Technical%20Reports/Response%20to%20Climate%20Change%20in%20New%20York>
