Re: Informational Filing of Niagara Mohawk Power Corporation of the Annual Update to the Formula Transmission Service Charge Under the NYISO Open Access Transmission Tariff - Docket No. ER08-552-000

Dear Secretary Bose:

Pursuant to the comprehensive Settlement Agreement and Offer of Settlement (“Settlement”) and the order of the Commission’s Chief Administrative Law Judge granting interim rate relief in the above referenced proceeding, Niagara Mohawk Power Corporation d/b/a National Grid (“National Grid”) hereby submits for informational purposes its Annual Update of certain components of its TSC Formula rate, which sets National Grid’s Wholesale TSC under the New York Independent System Operator Open Access Transmission Tariff (“NYISO OATT”).¹ The enclosed filing letter and supporting materials identify the updated inputs to the TSC Formula Rate that will be implemented as part of the Annual Update that will become effective as of July 1, 2009.

I. Background

On February 11, 2008, as supplemented on May 30, 2008, National Grid submitted a filing under Section 205 of the Federal Power Act to replace its stated rates for its Transmission Service Charge (“National Grid TSC”) in Attachment H to the NYISO OATT with formula rates to become effective May 1, 2008. On July 29, 2008, the Commission accepted and suspended the proposed formula rates, to become effective October 1, 2008, subject to refund, and establish hearing and settlement judge procedures.²

¹ Capitalized terms used but not defined in this filing are intended to have the meanings given to such terms in the Settlement Agreement and Offer of Settlement, including Attachment H of the NYISO OATT, filed with the Commission in this proceeding on April 6, 2009.

² *Niagara Mohawk Power Corp.*, Order Accepting and Suspending Formula Rate Subject to Refund and Establishing Hearing and Settlement Judge Procedures, 124 FERC ¶ 61,106 (2008)(“July 29 Order”). Certain Settling Parties requested rehearing of aspects of the July 29 Order. On February 25, 2009, the Commission issued an Order that denied rehearing in part and granted rehearing in part. 126 FERC ¶ 61,173 (2009).

On April 6, 2009, National Grid on behalf of the Settling Parties³ filed the Settlement intended to resolve all issues set for hearing in this proceeding. Among other things, the Settlement set forth the terms of a formula rate for the calculation of National Grid's transmission service charge under the NYISO OATT (the "Settlement TSC Formula Rate"), as well as procedures for the annual adjustment of certain inputs to the formula rate. Contemporaneously with the filing of the Settlement, National Grid also filed an Unopposed Motion for Implementation of Settlement Rates on an Interim Basis, seeking authorization to implement the Settlement TSC Formula Rate on an interim basis. National Grid expressed that granting this motion would not prejudice any party to this proceeding, would allow customers to benefit from the lower rates and would reduce the amount of refunds that National Grid will be obligated to pay upon Commission approval of the Settlement. For good cause shown, the Commission's Chief Administrative Law Judge granted National Grid's motion for interim rate relief on April 8, 2009 and allowed the Settlement TSC to be implemented on an interim basis effective as of January 1, 2009 ("Settlement Effective Date") pending approval by the Commission. The Chief Judge further directed that, in the event the Commission does not approve the Settlement, National Grid will reinstate the National Grid TSC rates that took effect on October 1, 2008, subject to refund, and the interim reduction in charges under the National Grid TSC will be reflected, with interest, in its required compliance filings.

In accordance with the Settlement, National Grid is directed to calculate each year new values for the Revenue Requirements ("RR"), control center costs ("CCC") and billing units ("BU") components of the Settlement TSC Formula Rate based on updated Data Inputs. National Grid is further directed to prepare an Annual Update that reflects the revised Data Inputs, the resulting RR, CCC, and BU components, and certain supporting information. According to Section 9.4 in Attachment H to the NYISO OATT, National Grid is directed on or before June 14th of each year to (1) post the Annual Update on the NYISO's Internet website, (2) submit the Annual Update to the Commission as an informational filing requiring no action by the Commission, and (3) serve the Annual Update electronically on all Interested Parties. This informational filing represents National Grid's first submission in satisfaction of this requirement.

II. Charges Resulting from the Annual Update

The Annual Update of the Settlement TSC calculated in accordance with Section 3.4 of the Settlement and Attachment H, Section 9.4 (a) of the NYISO OATT results in a TSC rate of \$7.73 per Megawatt-hour ("MWh") for the Update Year beginning July 1, 2009. This is an increase of \$0.95 per MWh as shown on Attachment 1, Schedule 4 of the Excel spreadsheet provided in Attachment A to this filing. The increase can be attributed to an overall increase in the RR component of \$31.2 million, a \$0.6 million increase in the CCC component and a 1.4% decrease in BU.

³ The signatories consist of National Grid and the following entities: Allegheny Electric Cooperative, Inc., the City of Cleveland, Ohio, Multiple Intervenors, Municipal Electric Utilities Association, New York Association of Public Power, New York Municipal Power Agency, New York State Electric & Gas Corporation, and Rochester Gas & Electric Corporation ("Settling Parties").

The \$31.2 million increase in the RR component results from an increase of \$14.0 million when comparing the actual data for 2008 (Schedule 4, line 1, column d) to the full year forecast for 2008 (Schedule 4, line 2, column a), as settled, plus a forecasted 2009 revenue requirement adjustment of \$12.7 million (Schedule 4, line 2, column b) reflecting primarily the \$95.5 million of estimated capital adjustment to be placed in service in 2009 (Workpaper 8, line 16). The additional \$4.5 million (Schedule 4, line 2, column c) is related to the Annual True-Up portion of the RR component for the first partial year following the Settlement Effective Date as part of the Annual Update for the year beginning July 1, 2009. In accordance with Section 3.4 of the Settlement, because the Settlement TSC Formula Rate has only been in effect since January 1, 2009, the Annual True-Up portion of the RR component reflects only 50% of the Annual True-Up that would otherwise apply under the Formula Rate. The detailed calculation of the Annual True-Up amount is provided Attachment 1, Schedule 3 of the Excel spreadsheet provided in Attachment A to this filing.

In accordance with the terms of the Settlement, a copy of the Annual Update has been posted on the NYISO Internet website and may be found at the following URL address: http://www.nyiso.com/public/market_data/pricing_data/ngrid_tsc.jsp.

III. Notice of Annual Meeting

In accordance with Attachment H, Section 9.4 (b) 2, of the NYISO OATT, National Grid will hold an annual meeting to present and explain the Annual Update and respond to any questions. This meeting is open to all Interested Parties. This filing serves as notice that the meeting will be held on June 24, 2009 starting at 9:00 a.m. at National Grid's offices, Conference Room A39-40, 300 Erie Boulevard, Syracuse, New York. We request that any persons planning to attend the meeting notify Linda Wagner of their intent to attend by E-mailing Linda at the following address: Linda.Wagner@us.ngrid.com.

IV. Attachments and Additional Supporting Information

The following supporting information has been provided and is enclosed herewith:

- This Transmittal Letter;
- Attachment A – Calculation of the Annual Update, in a workable Excel file, including schedules and workpapers, calculated in accordance with Attachment E to the Settlement;
- Attachment B – Monthly Transmission Owner Load (TOL) for the 12 months of December 2007 through November 2008 in PDF format, redacted to protect the confidentiality of each entity pursuant to Attachment H, Section 9.4 (a) 3. (ii) of the NYISO OATT. The summary TOL data in a workable Excel file are provided as Workpaper 13 to Attachment A.;

- Attachment C – A statement of Material Accounting Changes pursuant to Attachment H, Section 9.4 (a) 3.(iii) of the NYISO OATT;
- Attachment D – A statement providing a description of, and workpapers for, any correction of any error affecting the calculation of charges under the Formula Rate during a prior year, pursuant to Attachment H, Section 9.4 (a) 3.(viii) of the NYISO OATT; and
- Attachment E – a list of the email addresses of Interested Parties upon which this Annual Update was served.

Thank you for your attention to this matter. Please contact me if you have any questions concerning this informational filing.

Respectfully submitted,

/s/ Terry L. Schwennesen
