

NYISO Management Committee Meeting

October 17, 2003

Best Western – Airport
Albany, NY

Draft MINUTES OF THE MEETING

1. Introduction and Meeting Objectives

Joe Oates, Chairman, called the meeting to order at 10:06 AM and welcomed the members of the Management Committee (“MC”). Mr. Oates reported that the Project Priority Team (“PPT”) met on October 10th, and the NYISO will review the 2nd tier items and report back with a proposed ranking of projects.

Mr. Oates announced that there would be a special MC meeting on October 30th to vote on the tariff changes required for implementation of SMD/RTS. The meeting will be telephone conference and is contingent on a successful vote at the joint Operating / Business Issues Committee Meeting that will be held on October 22nd.

Monday is The FERC technical conference on SMD is next Monday, October 20 at 1 p.m. at Consolidated Edison in New York City.

Tuesday, October 21st is the joint Board/MC meeting that will start at 9AM. Business dress is appropriate.

Elaine Robinson reported that there will be a reception for Market Participants and the NYISO Board after the FERC meeting starting at 5PM.

2. Approval of the Minutes

Motion #1:

Motion to approve the Minutes from the August 28, 2003 MC meeting.
(Motion passed unanimously by a show of hands)

Motion #2:

Motion to approve the Minutes from the September 17, 2003 MC meeting.
(Motion passed unanimously by a show of hands)

3. President's Report

Reliability Indicators

Bill Museler reported that the Lake Erie circulation resulted in a significant number of TLRs called by Ontario and PJM and resulted in a significant number of lost transactions.

Mike Calimano stated that staff is preparing a summary of the issues surrounding the TLRs to present to the Reliability Coordinator Working Group to be discussed with IMO and PJM. There will likely be no changes to the Lake Erie flows until phase shifters are installed between Ontario and Detroit. There are currently only 3 connections between Ontario and Detroit.

Market Performance Highlights

Mr. Museler reported that energy and ancillary prices dropped in September. There was also a seasonal drop in uplift payments. The level of virtual trading authorization has increased. The market monitoring and credit department are looking at those to ensure that there will be no increase in market exposure. The average monthly fuel prices are down, but remain fairly high.

Mr. Museler stated that price reservations and corrections continue to drop.

Blackout Report and Schedule

Mr. Museler reported that there might be an interim report issued today, but is not optimistic. The Public Service Commission ("PSC") and the task force continue to send data requests to the NYISO. The NYISO will be careful to make sure the data that is released stays protected and secure. He stated that the NYISO would publish the schedule for the New York internal investigation within the next 2 weeks.

Strategic Plan Schedule

Mr. Museler presented the latest version of the draft Strategic Plan Development Schedule. The NYISO is aiming for board approval in January.

SAS 70 Final Report

Mr. Museler stated that the final SAS 70 report with an unqualified opinion has been issued. The report will be released to Market Participants by request.

NYISO Management Report @ FERC SMD Meeting on 10/20/03

Mr. Museler presented the report he will be making to FERC on the status of the NYISO's wholesale market design.

Mr. Museler stated that the NYISO Board has requested a strategic off-site meeting for November in Rye, NY. The regular Liaison Committee meeting will not be held but he he

will hold a teleconference to report on actions taken by the Board at their business meeting. Dial-in information will be circulated for those interested in participating.

4. Update on Seams and Market Improvement Projects

Dave Lawrence, of NYISO, reported on the status of current Seams Projects. The study to evaluate the 7040 line transfer limits is complete. Software has been developed to support the Maritimes participation in ACE diversity interchange and is awaiting final Quality Assurance ("QA") checkout.

Mr. Lawrence also reported that the OSS-PJM ramp data display was completed at the end of September. There was a meeting this past Wednesday with ISO New England to discuss the elimination of rate pancaking. There will be a follow-up meeting in November.

Mr. Lawrence stated that there was a meeting on October 7th of the Regional Resource Adequacy Model ("RAM") Group and that work is underway.

5. Report from By-Laws Subcommittee

Neil Butterklee, Consolidated Edison, presented proposed amendments to the MC By-laws and the ISO agreement. The first amendment proposal addresses the election of two individuals as chair and vice-chair of the MC. The second amendment proposal concerns the release of vote totals after a vote for the position of vice chair. The third amendment proposal would allow the MC to take official actions at meetings held outside New York State.

Mr. Butterklee discussed the procedure for electing 2 people as chair and vice-chair and the procedure for appointing chairs to the Subcommittees. Mr. Butterklee stated that a FERC filing is not necessary to amend the by-laws. However, the ISO agreement will have to be amended, which would require a 206 filing.

Doreen Saia, representing Mirant, noted that the vote for Motion #3 is not to determine if you support the idea of co-vice chairs, but the words simply effectuate the results of last months vote that approved the election of co-vice chairs.

Motion #3:

Motion Re: Amendments to the MC By-Laws (Co-Vice Chair Proposal)

WHEREAS: The Management Committee directed that clarifying changes be made to the MC By-Laws to allow the election of two individuals to serve as Vice-Chairperson of the Management Committee for discussion and action at this meeting;

WHEREAS: The By-Laws & Governance Subcommittee hereby proposes the attached amendments to Articles III and XIV of the Management Committee By-Laws regarding the election of two individuals to serve as Vice-Chairperson of the Management Committee for a single, one-year term.

NOW, THEREFORE, IT IS MOVED that the Management Committee approve the attached revisions to Articles III and XIV of the Management Committee By-Laws.

(Motion passed with 96.00 % affirmative votes)

Motion #4:

Motion Re: Amendments to the ISO Agreement (Co-Vice Chair Proposal)

WHEREAS: The Management Committee directed that clarifying changes be made to the ISO Agreement to allow the election of two individuals to serve as Vice-Chairperson of the Management Committee for discussion and action at this meeting;

WHEREAS: The By-Laws & Governance Subcommittee hereby proposes the attached amendments to Section 7.11 of the ISO Agreement regarding the election of two individuals to serve as Vice-Chairperson of the Management Committee for a single, one-year term.

NOW, THEREFORE, IT IS MOVED that the Management Committee approve the attached revisions to Section 7.11 of the ISO Agreement.

IT IS FURTHER MOVED that the Management Committee approves a filing to the Commission requesting approval of the attached revisions to Section 7.11 of the ISO Agreement under Section 206 of the Federal Power Act.

(Motion passed by a majority show of hands with abstentions)

Motion #5:

Motion Re: Disclosure of Vote Totals

WHEREAS: The By-Laws & Governance Subcommittee has reviewed the Management Committee By-Laws;

WHEREAS: The By-Laws & Governance Subcommittee hereby proposes the attached amendments to Sections 3.04 and 8.03 of the Management Committee By-Laws regarding the disclosure of vote totals.

NOW, THEREFORE, IT IS MOVED that the Management Committee approve the attached revisions to Sections 3.04 and 8.03 of the Management Committee By-Laws, provided

however, that during elections, vote totals will not be disclosed when a candidate receives a 58% vote of the Management Committee, and, therefore, is elected on that ballot.

(Motion passed unanimously by a show of hands)

Motion #6:

(Motion Re: Holding MC meetings outside the New York Control Area)

WHEREAS: The By-Laws & Governance Subcommittee has reviewed the Management Committee By-Laws;

WHEREAS: The By-Laws & Governance Subcommittee hereby proposes the attached amendments to Section 4.08 of the Management Committee By-Laws regarding holding NYISO Management Committee meetings outside the state of New York in conjunction with a joint meeting scheduled with one or more ISOs in contiguous Control Areas.

NOW, THEREFORE, IT IS MOVED that the Management Committee approve the attached revisions to Section 4.08 of the Management Committee By-Laws.

(Motion passed unanimously by a show of hands)

Bob Loughney, of Couch White, requested, as friendly amendment, that bylaw 4.08 be reworded to add 'the scheduling of' before the sentence 'Any such NYISO Management Committee meeting must be approved by a 58% vote in advance and only at a prior meeting of the Management Committee'.

6. Market Participant Audit Advisory Subcommittee ("MPAAS") Report

John Ventura, of Consolidated Edison, reported on the current activities of the MPAAS. The main objective of the MPAAS is to provide guidance to the NYISO on matters of auditing and control.

Wes Yeomans, of National Grid, would like to see the release of recommendations that come out of the audit process.

Joe Oates asked Market Participants to provide items of concern with regards to the audit to Elaine Robinson. These issues will be presented to the Board for discussion.

7. Presentation of the SAS 70 Audit Process and Recent Audit Results

Marc Rubin, of NYISO, discussed the process and results of the recent SAS 70 Audit. The Type 2 audit focused on the bid-to-bill process. During the audit KPMG reviewed procedures and observed NYISO personnel performing various procedures.

Market Participants who would like to obtain a copy of the SAS 70 report can request a copy from Mr. Ruben (mruben@NYISO.com).

8. Presentation of the 2004 Budget

Jim Parmelee, of LIPA, presented an overview of the 2004 budget, as well as potential targets for 2005-2008. Total cash expenses will increase \$11.9 million or 7.1% and Rate schedule 1 will increase \$0.105, or 14%.

Mr. Butterklee noted that from the data shown, the NYISO expenditures appear to be increasing at a higher rate than that of PJM.

Mary McGarvey, of NYISO, responded that it is difficult to compare costs between ISOs because many cost variables differ between ISOs.

Ms. McGarvey, emphasized that the key drivers to the rate increase in 2004 were increases in FERC fees, blackout costs and debt service cost increases from 2003 financing.

Mr. Parmelee welcomed input on alternatives for blackout funding and for conditions for flexible project funding. The Budget Standards and Performance ("BS&P") Subcommittee and the PPT are meeting on October 28th to discuss this further.

Mario DiValentino, of Strategic Power Management, presented the proposed NYISO Incentive goals for 2004 and how they compare to goals from 2003.

9. Presentation of Proposed Revised Market Rules Associated with the Implementation of the Real Time Scheduling ("RTS") Project

Mollie Lampi presented the topic of proposed market rules associated with the Standard Market Design (SMD) 2.0 implementation.

Robb Pike, of NYISO, presented an overview of the RTS process and architecture, including an example of reserve shortage cost impact in LBMP.

10. New Business

Paul Gioia, representing the TOs, expressed concern with changes that were made to the September 17, 2003 minutes that stated "Garry. Brown confirmed that changes were made from the presentation made to the BIC to clarify that the authority to set the forecasts rests solely with the ISO." Mr. Pallas would like to clarify to state "Mr. Brown confirmed that

changes were made from the presentation made to the BIC to clarify that, while the Transmission Owners make the initial forecast, the authority to set the forecasts rests solely with the ISO.”

11. Adjourn

The meeting adjourned at approximately 3:17

NYISO Management Committee Meeting

October 17, 2003

Best Western, Albany, NY

MOTIONS FROM THE MEETING

Motion #1:

Motion to approve the Minutes from the August 28, 2003 MC meeting.

(Motion passed unanimously by a show of hands)

Motion #2:

Motion to approve the Minutes from the September 17, 2003 MC meeting.

(Motion passed unanimously by a show of hands)

Motion #3:

Motion Re: Amendments to the MC By-Laws (Co-Vice Chair Proposal)

WHEREAS: The Management Committee directed that clarifying changes be made to the MC By-Laws to allow the election of two individuals to serve as Vice-Chairperson of the Management Committee for discussion and action at this meeting;

WHEREAS: The By-Laws & Governance Subcommittee hereby proposes the attached amendments to Articles III and XIV of the Management Committee By-Laws regarding the election of two individuals to serve as Vice-Chairperson of the Management Committee for a single, one-year term.

NOW, THEREFORE, IT IS MOVED that the Management Committee approve the attached revisions to Articles III and XIV of the Management Committee By-Laws.

(Motion passed with 96.00 % affirmative votes)

Motion #4:

Motion Re: Amendments to the ISO Agreement (Co-Vice Chair Proposal)

WHEREAS: The Management Committee directed that clarifying changes be made to the ISO Agreement to allow the election of two individuals to serve as Vice-Chairperson of the Management Committee for discussion and action at this meeting;

WHEREAS: The By-Laws & Governance Subcommittee hereby proposes the attached amendments to Section 7.11 of the ISO Agreement regarding the election of two individuals to serve as Vice-Chairperson of the Management Committee for a single, one-year term.

NOW, THEREFORE, IT IS MOVED that the Management Committee approve the attached revisions to Section 7.11 of the ISO Agreement.

IT IS FURTHER MOVED that the Management Committee approves a filing to the Commission requesting approval of the attached revisions to Section 7.11 of the ISO Agreement under Section 206 of the Federal Power Act.

(Motion passed by a majority show of hands with abstentions)

Motion #5:

Motion Re: Disclosure of Vote Totals

WHEREAS: The By-Laws & Governance Subcommittee has reviewed the Management Committee By-Laws;

WHEREAS: The By-Laws & Governance Subcommittee hereby proposes the attached amendments to Sections 3.04 and 8.03 of the Management Committee By-Laws regarding the disclosure of vote totals.

NOW, THEREFORE, IT IS MOVED that the Management Committee approve the attached revisions to Sections 3.04 and 8.03 of the Management Committee By-Laws, provided however, that during elections, vote totals will not be disclosed when a candidate receives a 58% vote of the Management Committee, and, therefore, is elected on that ballot.

(Motion passed unanimously by a show of hands)

Motion #6:

(Motion Re: Holding MC meetings outside the New York Control Area)

WHEREAS: The By-Laws & Governance Subcommittee has reviewed the Management Committee By-Laws;

WHEREAS: The By-Laws & Governance Subcommittee hereby proposes the attached amendments to Section 4.08 of the Management Committee By-Laws regarding holding NYISO Management Committee meetings outside the state of New York in conjunction with a joint meeting scheduled with one or more ISOs in contiguous Control Areas.

NOW, THEREFORE, IT IS MOVED that the Management Committee approve the attached revisions to Section 4.08 of the Management Committee By-Laws.

(Motion passed unanimously by a show of hands)
