

Coordinated Transaction Scheduling –Deployment and Activation Update

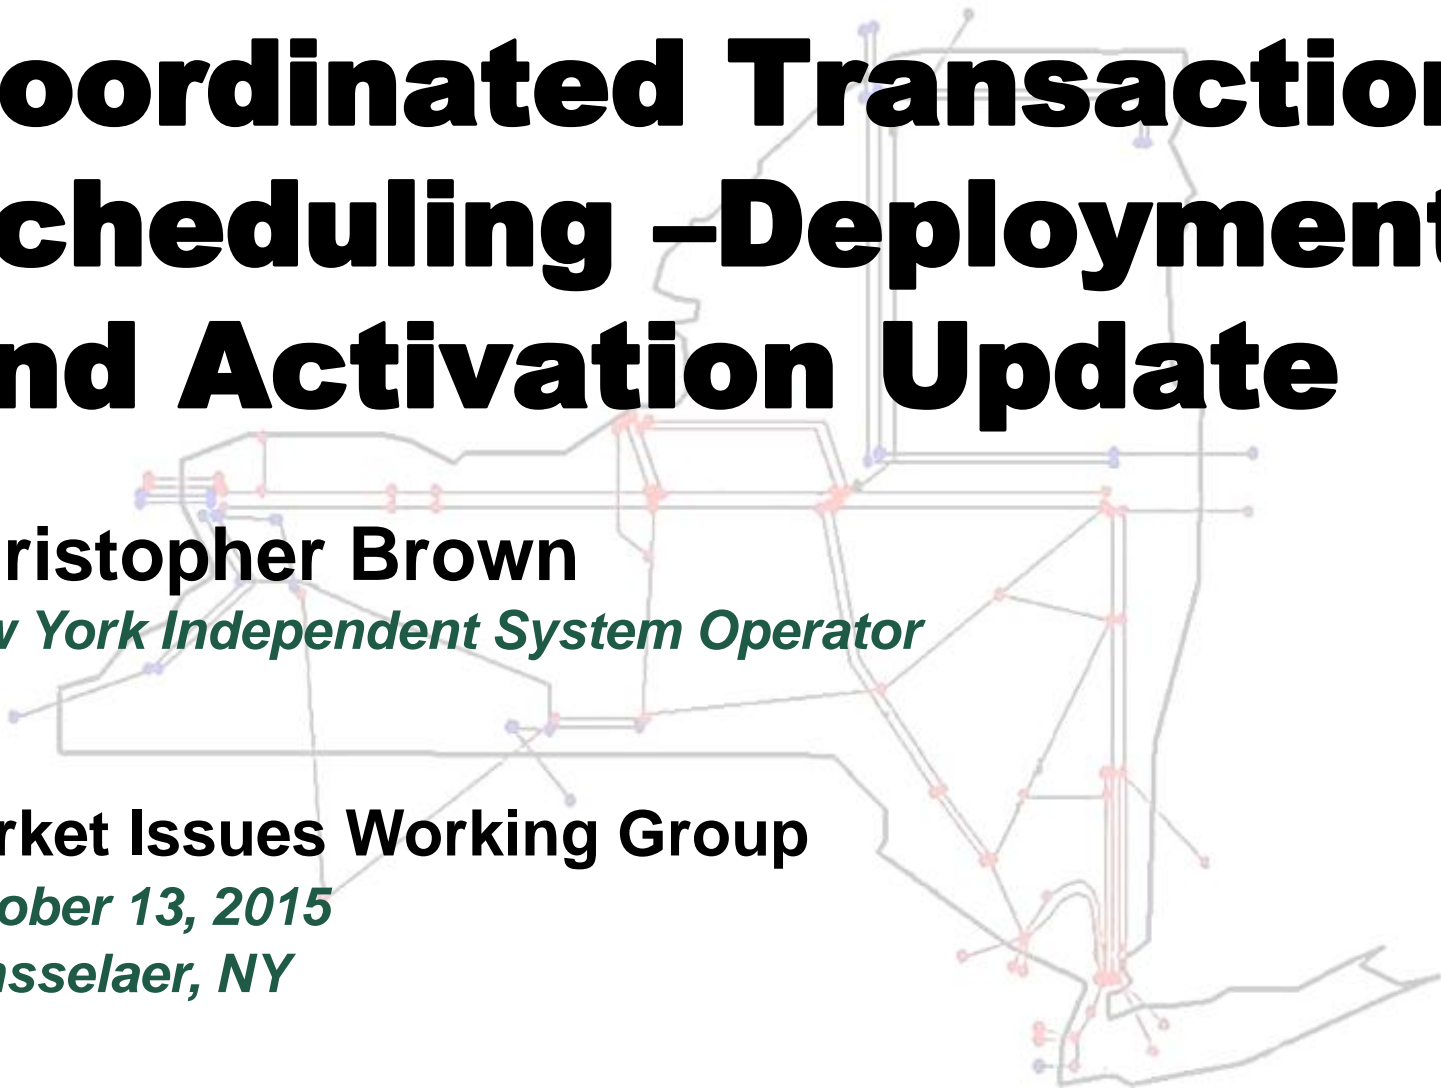

Christopher Brown

New York Independent System Operator

Market Issues Working Group

October 13, 2015

Rensselaer, NY

Overview

- ◆ **Activation of CTS bidding with ISO-NE is targeted for 12/15/2015**
- ◆ **Software deployment to support CTS with ISO-NE is scheduled for 10/28**
- ◆ **This presentation reviews the timing of system changes associated with the software deployment and activation**

Software Deployment

- ◆ **Software deployment to support CTS with ISO-NE is scheduled for 10/28**
- ◆ **What changes immediately following software deployment?**
 - *Must use revised JESS upload/download templates*
 - *New fields displayed on JESS user interface*
 - *OASIS: ATC/TTC posting*
 - HAM TTC posted for each quarter hour
 - ATC with Non-Firms columns have been removed

Activation

- ◆ **Activation of CTS at Sandy Pond proxy is targeted for 12/15/2015**
- ◆ **NYISO will provide notice to Market Participants and FERC two weeks prior to final activation date.**
- ◆ **Following notice, Sandy Pond proxy bus bid parameters will be configured**
 - *Market Participants will be able to submit CTS bids at Sandy Pond for 12/15 and days forward*
 - *Bids for 12/15 and days forward will be subject to CTS-NE market rules*

Activation *-continued*

- ◆ **Following proxy bus bid parameter configuration Market Participants will need to resubmit any bids previously submitted at the Sandy Pond proxy for date/hours after the activation date**
 - *Necessary to ensure bids are submitted in accordance with CTS-NE market rules*
 - *Any bids that have not been resubmitted (or deleted) will be changed to Validation Failed status and not included in the market evaluation*
 - *Includes both DAM and HAM market bids*

Next Steps

- ◆ **Software deployment email notice**
- ◆ **Additional CTS-NE JESS sandbox testing session scheduled for week of 11/16**
- ◆ **CTS-NE activation email notice and FERC filing**
