Date	Requester	Item	
20-Jul	Younger	If all coal shut down and replaced by gas, do we meet standards?	5-Aug
20-Jul	Franey	consider work necessary to do a complete 2010 backcast	
20-Jul	Franey	2011 year-to-date zonal congestion	
20-Jul	Franey	Combine historic and projected results on single chart	
20-Jul	Deidre	Will you only show congestion results for scenarios? ?	5-Aug
20-Jul	various	Which are the CSAPR exempt generators?	5-Aug
7/7/2011	Saia	Requests written description of how we created CARIS 2 from CARIS 1	5-Aug
	Younger	Wants hurdle rates reported	5-Aug
	Paynter	Grand total for total system production costs	
	Syed	Request excel file of limit at each of hourly Central-East flows	5-Aug
	Aydemir	Wants unhedged numbers	
	Boyle	would like to be given 2011 CARIS 1 input data contemporaneously	5-Aug
6/22/2011	Higgins	Talk off-line on 2010 TTC	5-Aug
	Younger/Boyle	Why is TTC down from 2006-2007 levels?/what will it be in future?	
	Younger	What would be the incremental transfer limit benefit for new transmission	
6/8/2011	Franey	Consider multiple solution costs and benefits of combined solutions	
	Younger	consider CY T-costs when presenting generic costs	
5/19/2011	Higgins, et al	List changes made between 2009 and 2011 CARIS Models	
5/9/11	Higgins	peak and off peak by month for implied heat rate	
	Younger	Will we consider series capacitors for generic solutions?	
4/21/2011	Sayed & Janos	Provide footnotes or other description of basis for interface limits	
	Aydemir	What is sensitivity of congestion to way we model wheel?	
4/21/2011	Aydemir	Provide details on planned gen outages for each pool	
4/11/2011		List of proposed metrics for ESPWG	
	Paynter	How are we pricing congestion for NYCAwide production metric	

FUTURE ACTION ITEMS

Date	Requester	Item
5/19/2011	Boyle	Procedure to limit CARIS2 requests to a filing "window"
5/19/2011	Deidre	Schedule with items for future ESPWG meetings
5/19/2011	Fromer	Can we create time limit for developer to proceed to a vote?
5/9/2011	Younger	Why no SCR for winter in GB?
5/9/2011		How NYISO Web Data was calculated/produced
4/21/2011		Can you provide normal and emergency transfer limits?
4/21/2011	Altobell	Will we model excess capacity over minimum for LOLE?
		Explain diff between MAPS/MARS besides Frasier-Gilboa
4/11/2011	Altobell	Nyiso to discuss and bring forward a position on tariff change re: Cap Modeling
	Boyle	Revisit posting reqts that ID requestor for Add'l CARIS studies
