Marketplace Technical Conference
Summary of Changes and Schedule

August 11, 2006

Presentation Outline

- ◆ Summary of Planned Changes
  - ▪ *What is Changing*
  - ▪ *What is NOT Changing*

- ◆ Draft High-Level Schedule

What is Changing

- Case sensitivity of passwords

- Behind the scenes implementation of Load and Virtual bidding functions

- Support for SOAP based Web Services

- Retirement of the OSS application

- Transaction Bidding web application pages and Upload / Download templates

What is NOT Changing

- The look and feel of NYISO web applications
- Load and Virtual bidding web application pages and Upload / Download templates

Scheduling Timeframes

➔ **August 8, 2006**

   ➔ Beginning of Time period for Administrators and Users to change passwords

➔ **November – December, 2006**

   ➔ Proposed timeframe for MP sandbox testing of Load and Transaction Bidding Marketplace and Upload/Download modifications

   ➔ Proposed testing duration: 2-3 weeks

➔ **January 9, 2007**

   ➔ Passwords must be changed. Otherwise, NYISO customer relations will need to be contacted to reacquire Marketplace and Upload/Download Access

   ➔ Deployment of Load Bid Marketplace and Upload/Download Modifications

   ➔ Deployment of OSS Retirement and related Marketplace and Upload/Download modifications
