

PJM Administrative Services – Parties Subject to Each Rate Schedule

Rate Schedule 1 charges are unbundled among 6 subsidiary schedules of Rate Schedule 9 and Schedule 9-FERC (for FERC annual charges):

Schedule 9-1 Control Area Admin. Service	Schedule 9-2 FTR Admin. Service	Schedule 9-3 Market Support Service	Schedule 9-4 Regulation & Frequency Response Admin. Service	Schedule 9-5 Capacity Resource & Oblig. Mgmt Service	Schedule 9-6 Management Service	Schedule 9- FERC
Network & Point-to-Point transmission customers	All holders of fixed transmission rights	Network & Point-to-Point transmission customers for energy delivered to load or for export ¹ ; Generation Providers for energy input to transmission system ²	Load Serving Entities & generators that provide regulation	Registered Users of eCapacity; Load Serving Entities; owners of Capacity Resources	Allocated to Schedules 9-1 through 9-5	Network & Point-to-Point transmission customers

In addition, there is a Rate Schedule 1A that recovers the costs of operating the TOs control centers. For a transmission customer serving Zone Load, there is a different MWh rate for each TO. For transmission customers serving Non-Zone Load there is a single MWh rate.

¹ Excludes Wheel-Through Point-to-Point Service.

² Generation Providers include: 1) Generation Owners, 2) Network and Point-to-Point transmission customers for imports, 3) Market Sellers for imports.
