

Part II -

Under the name of its operating electric utility, list all generating plants (1) within the respondent's control area which are in an operating or standby status. Provide totals for columns (d) and (e) as a last line. The total in column (e) must be explained in a note. For specific guidelines, please refer to the attached Schedule 1 Instructions on pages 14 and 15.

Line No.	Electric Utility Name
(a)	(b)
1	AES Corp.
2	AES Corp.

**Schedule 1. Generating Plants Included in Reporting Control Area
 (Use continuation sheets if needed)**

controlled, metered or for which the required information is otherwise available to control area operators and (2) dynamically scheduled plants or units outside the control area. The total in column (e) should equal the value in column (f) on Schedule 2 for the month of the annual peak demand. The total in column (e) should equal the value in column (f) on Schedule 15.
