On February 28, 2014, pursuant to Public Service Commission Case No. 05-E-0889 Proceeding on Motion of the Commission to Establish Policies and Procedures Regarding Generation Unit Retirements and New York Independent System Operator Technical Bulletin 185, Generator Retirement Procedure, Selkirk Cogen Partners, LP (“Selkirk”) provided notice to the New York Public Service Commission (“NYPSC”), the New York Independent System Operator (“NYISO”), and National Grid, LLC (“NG”), that Selkirk intended to mothball Selkirk I and Selkirk II facilities, effective September 1, 2014. In early June, Selkirk provided a subsequent notice to NYPSC, NYISO and NG extending such effective date until November 1, 2014.
