

Interconnection Customer Site Control Attestation

(Use this form for projects that do not meet the minimum acreage requirements or the project is a technology type with acreage not specified in ISO Procedures)

I, _____, a duly authorized officer of _____ (“Interconnection Customer”), hereby attest for _____ (“Project”) as follows:

(check one of the following below)

_____ The Project does not meet the acreage and other Site Control parameters for the Facility’s technology type set forth in ISO Procedures; or

_____ The Project is a technology type, acreage for which is not specified in ISO Procedures.

Pursuant to Section 40.5.5.1.5 of Attachment HH to the ISO OATT, I provide the below narrative that sufficiently describes and explains (1) the special circumstances of the Project which permits a different acreage amount for Site Control than the requirements in the ISO procedures; or (2) the description of the Project’s technology type and how the land can accommodate the Project and meet Site Control requirements. Additionally, affixed is a site plan signed and stamped by a licensed professional engineer.

I certify that I am authorized to make this attestation on Interconnection Customer's behalf, and that the information provided herein is true and accurate to the best of my belief and knowledge after due investigation.
