Docket No. EL04-113-000

v.

New York Independent System Operator, Inc.

NOTICE OF EXTENSION OF TIME

(July 12, 2004)

On July 9, 2004, the New York Independent System Operator, Inc. (NYISO) filed a motion for an extension of time for parties to respond to: (1) the complaint (complaint) currently pending in Docket No. EL04-113-000 and (ii) the NYISO's July 2, 2004 filing (TCC Remedy filing) in EL04-115-000 and ER04-983-000. In its motion, NYISO states that extending the answer and comment periods is appropriate because the NYISO and affected stakeholders have developed a settlement in principle that has the potential to comprehensively resolve all issued and claims. The motion also states that more time would allow all parties to focus their attention on finalizing a formal settlement proposal for submission to the Commission.

Upon consideration, notice is hereby given that an extension of time for the filing of answers to the complaint in Docket No. EL04-113-000 and comments to the TCC remedy filing in Docket Nos. EL04-115-000 and ER04-983-000 is granted to and including July 26, 2004, as requested by NYISO.
