

# EDRP Manual – Changes for 2002

- Alternative Performance Measures for Small Customer Aggregations can be submitted for approval to the NYISO (Sec. 3.8).
- Curtailment Service Providers must participate in NYISO sponsored EDRP program evaluations (Sec. 3.9).
- Facilities with on-site generators must supply evidence that they have applied for or received from the NYS Dept. of Environmental Conservation (DEC) one of the following permits (i) Title V, (ii) State Facility, or (iii) Registration (Sec. 5.2).

## EDRP Manual – Changes for 2002 (cont'd)

- Updated EDRP Notification Procedures to reflect the procedures put in place during the summer 2001 (Sec. 5.3).
- Updated Metering Requirements (Sec. 6.1).
- Alternative weather-sensitive Customer Base Line (CBL) options (Sec. 6.2).
- Updated Settlement Payment timeline (Sec. 6.7).
- Updated registration forms to reflect the changes above (Att. A, B).
- Added .csv event data reporting format description (Att. D).
