REDUCE ENERGY USE AND GET PAID...

FIND OUT HOW!

*Attend our Workshops and
Learn About New York State
Demand Response Programs*

NEW YORK STATE PUBLIC SERVICE COMMISSION

NEW YORK STATE ENERGY RESEARCH AND
DEVELOPMENT AUTHORITY

Who should attend?

Facility and property managers and owners looking to reduce energy costs. If your company can drop significant load or provide emergency/on-site generation, you can get paid to participate in the NYISO's demand response programs. Interested in learning about real-time pricing programs, New York Energy \$martSM programs, and energy services offered by utilities and energy service providers? Attend and find out more.

Sign-In and Registration..... 7:30 AM
(Coffee/Bagels)

**Introduction of Consultants/
Overview of Workshop**..... 8:00 AM
NYSERDA and PSC Staff

Session 1

**Electricity Issues
Facing New York State**..... 8:15 AM
PSC Staff

New York has taken steps to ensure safe and reliable supplies of electricity in the State. Large commercial and industrial customers are encouraged to participate in programs that can favorably impact the availability and price of electricity.

Session 2

**Reduce Energy Use
and Get Paid**..... 8:45 AM
NYISO and NYSERDA Staff

Learn about New York programs that will pay large commercial and industrial customers to curtail load when wholesale prices reach a predetermined price. This session is for new and current program participants.

Break

Coffee 10:00 AM

Meet with Consultants

Session 3

**"Success Stories" about Demand
Response Program Participants**..... 10:30 AM
Consultants & Neenan Associates

Help your bottom line on energy costs. Be a success story by participating in New York State demand response programs.

Session 4

New York Energy \$mart ProgramsSM 11:15 AM
NYSERDA Staff

Funds generated through the System Benefits Charge (SBC) on utility bills are available to your business to finance, purchase and install energy-efficient improvements that save money and reduce energy consumption. Find out more about NYSERDA's:

- Technical Assistance and Loan Fund Programs
- Commercial/Industrial Performance Program
- New Construction Program
- Smart Equipment Choices Program

Session 5

**Questions and Answers
All Workshop Topics**..... 12:00 PM
Network with Consultants

**Program Close
and Evaluations**..... 12:30 PM

Session Participants

The New York State Public Service Commission (PSC) regulates the State's electric, gas, steam, telecommunications and water utilities. The PSC's Business Advocates can provide you with additional assistance and information regarding load-curtailement and energy-efficiency programs, and assistance related to economic development, dispute resolution, and competitive energy and telecommunications markets. Call toll-free 1-877-661-9223. **Visit the website: www.AskPSC.com**

New York State Energy Research and Development Authority (NYSERDA) is a public benefit corporation that provides energy-related technical and financial packaging assistance to businesses, residents, and institutions. For more information call toll-free 1-866-NYSERDA. **Visit the website: www.nyserda.org**

New York Independent System Operator (NYISO) is a not-for-profit corporation established to oversee and manage New York's competitive electricity market and maintain equity among competitors and reliability of the State's power supply. **Visit the website: www.nyiso.com/services/**
