

## **Initial TCC Auction Spring 2002**

**Posted: June 14, 2002**

### **July Reconfiguration Auction**

#### **Binding Constraints**

The July 2002 TCC Reconfiguration Auction did not clear. Therefore, there are no binding constraints to post.

The NYISO's auction systems worked properly in the July Reconfiguration Auction, and properly reflected the transmission facility outages expected during the Effective Period. See, NYISO OATT, Attachment M, Section 8.6. The Optimal Power Flow analysis did not reach a simultaneously feasible result to award any TCCs based on available offers and bids.
