

Part 4 – DSASP Aggregations in DRIS

Demand Response Information System (DRIS) Training for March 2013 Deployment

Michael Lavillotti

Product Business Analyst

New York Independent System Operator

Tuesday, March 5th, 2013 09:00 AM – 12:00 PM

Thursday, March 14th, 2013 01:00 PM – 04:00 PM

Web Ex - Rensselaer, NY

Training Topics

- ◆ Part 1: Introduction to DRIS
 - *DRIS User Requirements*
 - *User Privileges*
 - *Access to DRIS*
- ◆ Part 2: DSASP Overview
- ◆ Part 3: DSASP Resource Enrollment in DRIS
 - *Export Enrollment File*
 - *Import DSASP Resources*
 - *Resource Import Validations*
 - *Manage Import Results*
- ◆ **Part 4: DSASP Aggregations in DRIS**
 - ***View DSASP Aggregations and Resources***
 - ***DSASP Resource Enrollment Statuses***
 - ***Manage DSASP Aggregations***
- ◆ Part 5: DSASP Resource Registration for MIS
 - *Export DSASP Resource Report from DRIS*
 - *Submit DSASP Registration Report*
- ◆ Part 6: Submitted Aggregations in DRIS
 - *View History of Submitted Aggregations*
- ◆ Part 7: View DSASP Resource Enrollment in DRIS
- ◆ Part 8: Deployment
 - *Additional Training Sessions*
 - *Deployment Activities*

Prerequisites to DSASP Aggregation Management

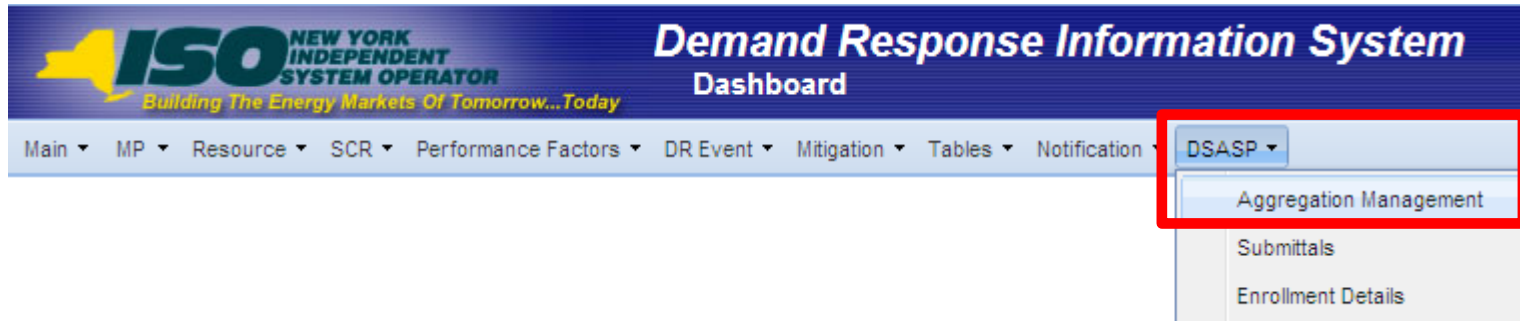

- ◆ **Prior to managing DSASP Aggregations in DRIS, Market Participants must have completed the following:**
 - *Successfully imported a capacity of 1MW or greater for the aggregation*
 - *Imports can be done incrementally for the aggregation, until 1 MW has been reached*

Manage DSASP Aggregations

- ◆ **DSASP Aggregation Management in DRIS consists of:**
 - *Viewing summary level information for the aggregation*
 - *Viewing detailed information for the individual Demand Side Resources within an aggregation*
 - *Selecting Demand Side Resources to add to a Qualified aggregation or update resources within a Qualified aggregation*
 - *De-Selecting Demand Side Resources to remove from a Qualified aggregation*
 - *Submitting Validated resources to become a Qualified aggregation*

DSASP Aggregation Management

- ◆ From the DSASP Menu select Aggregation Management

DSASP Resource Enrollment Statuses

- ◆ A DSASP Demand Side Resource and a DSASP Resource may have any one, or combination of, the following three Enrollment Statuses on the DSASP Aggregation Management screen
 - *Validated*
 - Demand Side Resources have been successfully imported and passed initial validation
 - *Submitted*
 - Demand Side Resources have been submitted for registration and exists in a frozen state while being processed by NYISO Member Relations
 - *Qualified*
 - Demand Side Resources now exist in an active DSASP Resource Aggregation which has passed all registration and testing requirements, the DSASP Resource is now ready to participate in the market

Submitted Resources

- ◆ **Successfully Submitting an aggregation will update resources and initiate the following:**
 - *Resources will be assigned an Enrollment Status of “Submitted”*
 - *Resources will now appear on the “Submitted Resources” tab on the DSASP Aggregation Management Screen*
 - Resources will be viewable on the Submitted Tab until Submission of Aggregation has been approved or canceled
 - *DRIS will export a portion of the DSASP Registration Packet to the MP, the DSASP Resource Report*
 - *Aggregation will be viewable on the DSASP Submittals Screen*
 - DSASP Resource Report can be manually generated from this screen
 - *Once an aggregation has been Submitted, changes may not be made to resources or aggregation without first contacting NYISO Stakeholder Services*
