

Management Committee (MC)

Scope of Responsibilities

The Management Committee (MC) is comprised of each Party to the ISO Agreement, each of which populate one of the five Sector Groups (Generation Owners, Other Suppliers, Transmission Owners, End Use Consumers, Public Power/Environmental Parties).

The Scope of responsibilities for the NYISO Management Committee, as specified in the ISO Agreement, include:

- Supervision and review of the work of the other ISO committees;
- Review and determination of appeals from actions of the other committees and the ability to suspend an action by another committee pending appeal if the Management Committee determines that such suspension is warranted;
- Development of procedures for the consideration and determination of requests for the stay of an action by another committee;
- Development of positions on ISO operations, policies, rules and procedures and provision of recommendations to the other committees and the Board;
- Preparation of the ISO capital and operating budgets for review and approval by the ISO Board (subject to the procedures established by the MC's Budget, Standards and Performance Subcommittee);
- Subject to Article 19, proposing changes to the ISO OATT, the ISO Services Tariff and this Agreement, reviewing and making recommendations with respect to tariff changes proposed by the ISO Board;
- Adoption of by-laws for the Management Committee and the review and approval of the by-laws of the other ISO committees and amendments thereto;
- Development of procedures and policies for all ISO Committees for the handling of confidential information; and
- Such other responsibilities and powers conferred on it by the ISO Board.

Actions of the Management Committee may be appealed to the ISO Board by any voting or non-voting Party of the MC or may be reviewed and acted upon by the ISO Board upon its own motion.
