

# Business Issues Committe

ICAP Manual Revisions

September 21, 2005

Agenda 11

# ICAP Manual Revisions

- Reflects comments provided at ICAP WG meeting on 9/16/05 & NYISO legal review
  - Section 4.2.1 DMNC Test Periods
    - On carryover paragraph, reinstate the deletion to the definition of “Certification Day”. This capitalized term is used later in the paragraph.

# ICAP Manual Revisions

- Section 4.9.2 Allocation of Import Rights
  - Added URL for Import Rights request form
  - In item 5 under Contents of Request, added reference to Installed Capacity Equivalent (“ICE”) and revised example as suggested by ICAP WG
  - Under Contents of Request, added a sentence to indicate that the NYISO will notify requestors of their priority by 5:00 PM on the day a request is submitted
  - Under Supporting Documentation, added an example to illustrate that a requestor has until 5:00 PM to submit complete and adequate supporting documentation
  - Under response from NYISO added an additional item to the reasons for rejection of a request. The MW amount provided in the supporting documentation does not match the MW amount included in the Import Rights request.

# ICAP Manual Revisions

- Section 5.5 and 5.6 Demand Curve and Adjustments
  - Mike Cadwalader comments reviewed at 9/16/05 ICAP WG meeting.
  - Inserted footnote on page 2 to capture all of Mike's comments. This item was discussed at ICAP WG meeting.
