Price-Responsive Load Management: A New Opportunity in New York State Electricity Markets
March 22-23, 2001 Crowne Plaza, Albany, NY

Topics already scheduled for the Business Sessions include:

1. NYSERDA Case Studies, Ongoing Projects and Current PONs
2. Panel Session - Overview of Northeast ISO PRL programs (differences in ISO structures, PRL programs, what's worked and what hasn't)

We are soliciting papers for presentation in the following topical areas:

- A. Residential End-Use: Equipment and Strategies for Price-Responsive Load
- B. Commercial End-Use: Building Automation Strategies for Managing Price-Responsive Load
- C. Institutional End-Use: Price-Responsive Load Strategies for Hospitals, Schools, Government buildings and other institutional customers
- D. Industrial End-Use Price-Responsive Load Strategies
- E. Economics of Price-Responsive Load
- F. Panel Discussion – specify topic
- G. Others, as proposed

Presentations should be 30 minutes in length to permit a question and answer period of approximately 15 minutes. Presentations should be of an informative or educational nature, not commercial. Case studies or testimonials with participation by end-users are recommended.

Please submit your abstract using the attached form via e-mail to Donna Pratt (dpratt@bneenan.com) or via fax (315-234-5145) by 5pm Friday, February 16, 2001.

Speakers will be notified by e-mail on Friday, February 23, 2001. Speakers receive complimentary conference registration.

Presentations will be due March 15, 2001.

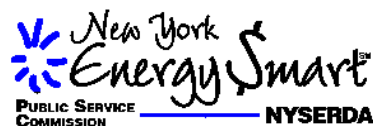

If you have any questions, please call Donna Pratt at 315-478-9981.

Regards,

David Lawrence
Senior Engineer
