NYISO Tariffs

NOTE

On a going forward basis, the tariffs will be updated on or about the effective date listed in a FERC order. This "Note" section will be revised to include the effective date, Order No., and Docket No. for subsequent tariff updates:

The most recent update to these tariffs reflects the Commission Order issued September 28, 2012, accepting language filed July 25, 2012 and September 6, 2012 under Docket No. ER12-2303-000 and -001, effective September 24, 2012..

In order to view pending tariff filings (i.e., not yet approved tariff language) go to: http://www.nyiso.com/public/markets_operations/documents/legal_regulator/index.jsp and click on FERC Filings.
