

Ancillary Services Manual Recertification

Brad Garrison
Engineer, Auxiliary Market Operations
New York Independent System Operator

BIC/OC September 20, 2012

Overview

- ◆ **The NYISO annually recertifies the Ancillary Services Manual**
- ◆ **Changes to be included in the recertified Ancillary Services Manual include:**
 - *Section 1 – Overview*
 - Table 1.1
 - *Section 2 – Annual Budget Charge and Other Non-Budget Charges and Payments*
 - Title Change and removal of Table 2.1 and 2.2
 - *Section 4 – Regulation and Frequency Response*
 - FERC Order 755 Frequency Regulation Compensation
 - *Section 6 – Operating Reserve Service*
 - Table 6.2 Locational Reserve Requirements
 - Compliance Filing Overview: Participation of Aggregations in the NYISO's Demand Side Ancillary Service Program (DSASP)
 - *Section 7 – Black Start Capability Service*
 - New Requirements for Black Start Providers

Ministerial Changes

◆ Section 1

- *Table 1.1 “Scheduling, System Control and Dispatch Service” now designated “Annual Budget Charge and Other Non-Budget Charges and Payments”*

Ancillary Service	Is the Service Location Dependent?	Who provides the Service – NYISO or Self-Supplied (SS)?	What is the Pricing method for the Ancillary Service?
Annual Budget Charge and Other Non-Budget Charges and Payments	No	NYISO	Embedded

Ministerial Changes (cont.)

◆ **Section 2**

- *Title Change to “Annual Budget Charge and Other Non-Budget Charges and Payments”*
- *Similar corresponding language changes in Section 2.1*
- *Removal of Table 2.1 and 2.2 from Section 2.1*
 - This information is now found in the OATT and the Accounting and Billing Manual

◆ **Section 6.2.1**

- *Table 6.2 replaced with link to Web Document of NYISO Locational Reserve Requirements*

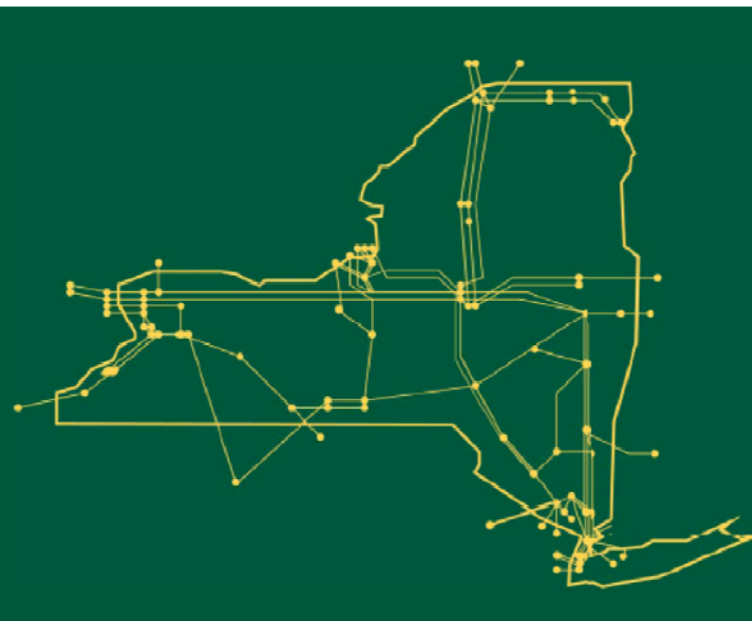

Additional Proposed Changes

- ◆ **Section 4 Regulation and Frequency Response Service, FERC Order 755**
- ◆ **Section 6 new Demand Side Ancillary Service Provider requirements**
- ◆ **Section 7 new requirements for black start providers**

Schedule

- ◆ Reviewed changes at August 8th SOAS
- ◆ Reviewed changes at August 23rd MIWG
- ◆ Review changes at September 20th BIC for discussion and vote
- ◆ Review changes at September 20th OC for discussion and vote

The New York Independent System Operator (NYISO) is a not-for-profit corporation responsible for operating the state's bulk electricity grid, administering New York's competitive wholesale electricity markets, conducting comprehensive long-term planning for the state's electric power system, and advancing the technological infrastructure of the electric system serving the Empire State.
