NYISO Management Committee Meeting Special Meeting by Conference Call

September 20, 2002

Draft MINUTES OF THE MEETING

1. Introduction and Meeting Objectives

Mr. Hiney called the meeting to order at 1:02 PM and welcomed the members of the Management Committee ("MC"). He announced there would be no action taken by the MC related to the TCC Credit Policy, and reversed the order of the two agenda items.

2. Motion to Approve Bad Debt Credit Policy

Mr. Freilicher began the discussion of the Bad Debt Credit Policy. He attributed the confusion, exhibited at the previous MC meeting, to the conflict between the proposed policy and the tariff. He reported that filing the policy as an appendix to the tariff could eliminate the conflict. Mr. Freilicher also informed the committee that the policy, to be voted on for approval, was a combination of the first page of the written policy distributed for the September 12th MC meeting, with redline edits, and all other pages, except the first page, of the written policy distributed for the September 12th MC meeting.

Ms. Saia proposed changing the term Market Participant, in the last paragraph of the first page of the policy to Transmission Customer. This change was accepted as a friendly amendment. Mr. Freilicher maintained that if the policy was not accepted, the tariff language would treat the collection of bad debt prospectively. Mr. Ragogna clarified that an official declaration of bad debt would not be made until after FERC approval of the proposed policy.

Ms. Douglas expressed her concern that the proposed policy had not received a consensus at any of the working groups before being brought to the MC. Mr. Scheiderich considered that it was possible for transmission owners to be collecting additional TSC revenues as a result of the Enron congestion rent issue, and held that TSC charges were under the governance of the NYISO. Mr. Ragogna replied that the NYISO would determine if it is appropriate to look into.

A motion to approve the proposed policy was made and seconded.

Motion #1:

Motion to approve the Bad Debt Losses Policy and Procedure as presented and amended at the Management Committee on September 20, 2002.

Mr. Kinney posited that long-term participants would be penalized by the policy, as compared to more recent entrants to the market. Mr. Ragogna countered that the opposite would be true without the policy. Mr. Ragogna added that any eventual collection of funds from the defaulting party would be refunded to the entities from which bad debt revenues were collected. Mr. Ragogna also explained that interest would be assessed to the defaulting party after the time at which the default occurred.

(Motion passed with 62.07 % affirmative votes)

3. Discussion of TCC Credit Policy

Ms. Saia reported that, at the close of the September 12th MC meeting, the two unresolved issues concerning the TCC Credit Policy were, the question of netting contracts in bankruptcy proceedings, and the question of manually implementing the policy. She affirmed that, since the 9/12 meeting, the NYISO staff had determined a way to manually implement the policy. Mr. Fernandez reported that Hunton and Williams was continuing to analyze the question of bankruptcy proceedings. Ms. Saia expected that the issue would be properly vetted at a special BIC meeting before moving to approve the policy at the October 16th MC meeting. Mr. Mooney asked if "Part A" of the policy would be implemented if the policy was not implemented by FERC. Mr. Fernandez replied that the policy would be filed as soon as possible after the October 16th meeting and implemented after FERC approval.

4. Adjournment

The meeting adjourned at approximately 2:15 pm.

NYISO Management Committee Meeting

September 20, 2002 Special Meeting by Conference Call

MOTIONS FROM THE MEETING

Motion #1:

Motion to approve the Bad Debt Losses Policy and Procedure as presented and amended at the Management Committee on September 20, 2002.

(Motion passed with 62.07 % affirmative votes)
