

Draft Meeting Minutes

NYISO-PJM Ramapo PAR Cost Allocation Joint Discussion Meeting
PJM Conference & Training Center, Valley Forge, PA
March 10, 2017
10:00 a.m. – 2:00 p.m. EST

WELCOME AND ANNOUNCEMENTS

Mike Bryson, PJM, opened the meeting by providing opening remarks.

1. Review Scope of Effort

PJM and NYISO staff reviewed and received input on the draft Scope document.

Stakeholders requested additional changes to the scope document to reflect the establishment of the criteria used to perform a benefits study. The results of the benefits study will inform the development of a cost allocation methodology that is roughly consistent with the benefits received.

2. Education

PJM and NYISO staff provided education on the history, benefits, and cost allocation methodologies.

PJM staff noted the addition of a second PAR at the Ramapo station increases reliability and provided more flexibility to direct power flows across the NYISO-PJM interface.

The current monthly carrying cost of the current PAR at the Ramapo Station is approximately \$200,000 per month with these costs currently split on a 50/50 basis between NYISO & PJM

NYISO currently allocates costs to all Load Serving Entities and PJM currently allocates costs to the transmission owner signatories of the 1993 PARs Facilities Agreement. Stakeholders requested NYISO and PJM post the NYPP-PJM PARs Facilities Agreement. This agreement can be found on the PJM website at: [PJM/NYISO Joint Initiative](#)

3. Issue Identification

PJM and NYISO staff facilitated the identification of issues for consideration. The issues captured are posted on the PJM website at: [PJM/NYISO Joint Initiative](#)

4. Meeting Wrap Up

PJM and NYISO staff will review key outcomes and action items.
