Summary of Estimated Budget Impacts of COVID-19 as of June 2020

- Given the impact of the COVID-19 pandemic on NYISO energy demand, the NYISO is anticipating a significant reduction in 2020 Mwh throughput and a resulting estimated shortfall in Rate Schedule 1 revenues of \$9.0M
- In addition, NYISO is experiencing unanticipated expenses required to maintain bulk system reliability during the COVID-19 pandemic and anticipates a shortfall in interest income, creating an estimated spending overrun of \$6.8M
- The estimated total 2020 budget deficit is currently \$15.8M, driven by the combination of a Rate Schedule 1 shortfall and unanticipated budgetary spending
