Next Steps

- **Final Report will be posted on the NYISO Website**
- **2021 Climate Change and Grid in Transition Project**
 - Will study, investigate, discuss, and develop market design concepts based on the 2020 Climate Change and Grid in Transition projects

Questions?

Our mission, in collaboration with our stakeholders, is to serve the public interest and provide benefit to consumers by:

- Maintaining and enhancing regional reliability
- Operating open, fair and competitive wholesale electricity markets
- Planning the power system for the future
- Providing factual information to policymakers, stakeholders and investors in the power system
