

Retired NYISO Technical Bulletins & Manuals

All current NYISO Manuals, Technical Bulletins & User's Guides are posted here: <https://www.nyiso.com/manuals-tech-bulletins-user-guides>.
 The NYISO Market Services Tariff and the Open Access Transmission Tariff are posted here: <https://www.nyiso.com/regulatory-viewer>

For any questions on, or requests for, the retired documents listed below, please contact NYISO Stakeholder Services at 518-356-6060 or stakeholder_services@nyiso.com.

Technical Bulletin #	Title	Retirement Date
TB-001	Applying for a Digital Certificate ; Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 4.4	03-09-09
TB-002	Checking for Valid Certificates ; Combined into TB-001	03-29-01
TB-003	Export/Import Certificates ; Combined into TB-001	03-29-01
TB-004	Billing Organization Changes ; Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 6	10-30-01
TB-005	MIS Transactions with Zero Megawatts ; Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7.6.1	03-30-09
TB-006	Load Forecasts For Facilities in the Market Information System (MIS) ; Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7.5.1	03-30-09
TB-007	Price Capped Loads and their Day-Ahead Scheduling ; Combined into TB-069	12-01-05
TB-008	Establishing a Price Capped Load Bus ; Combined into TB-069	05-23-01
TB-009	Meaning of the MIS Generator Bid Expiration Date ; Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7.5.1	03-30-09
TB-010	Scheduling Gilboa Pumping in the MIS , Never issued. Special bidding requirements were no longer required	N/A
TB-011	Minimum Run Times Extending Past the Commitment Period ; Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7.3.1	03-30-09
TB-012	Dispatchable Units' Minimum and Upper Operating Limits must be Different Values ; Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7	02-01-05
TB-013	MIS Load Modeling and LSE Responsibilities ; Moved to <i>Market Participant User's Guide (MPUG)</i> , Sections 7.4.1 and 8.3.10	06-18-07
TB-014	Changes to Transaction Information in the Market Information System ; Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7.6.1	09-08-10
TB-015	Scheduling Bilateral Transactions for Pumping Gilboa , Discontinued. No longer applicable	03-18-08
TB-016	Rules to Provide Special Balancing Settlements to Certain Intermittent Resources, Certain NYC Steam Turbines, and Generators with Certain Power Purchase Contracts , Moved to <i>Accounting & Billing Manual</i>	02-29-12
TB-017	Sign Conventions for Variables on Invoices, Statements, and Electronic Billing Information (EBI) ; Refer to the Customer Statements Data Dictionary on the DSS webpage under Login > Market Access > Decision Support System (DSS) User Login	06-18-07
TB-018	Dispatch Options for Quick Start and 30 Minute Start Generators , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 5	04-02-12
TB-019	Market Information System (MIS) Messages for Transactions , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7	03-10-09
TB-020	Incremental Bids for Import and Wheel Through Transactions , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7.1.9	03-30-09
TB-021	Grandfathered Transmission Rights Transactions in the NYISO MIS , Moved to <i>Transmission Services Manual</i> , Section 6.3.4	10-22-09
TB-022	Calculation of Hourly Regulation Availability Payments , See <i>NYISO Market Services Tariff</i> , Rate Schedule 3	02-01-05

Retired NYISO Technical Bulletins & Manuals

Technical Bulletin #	Title	Retirement Date
TB-023	Schedule Changes and Ramping of Fixed Units , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 6.3.2	02-11-16
TB-024	Billing Adjustments Made After Close of Month , Moved to <i>Accounting & Billing Manual</i>	06-27-07
TB-025	Updating Generator Limits Used in Real Time via Transmission Owners , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 5.7.5	11-04-14
TB-026	Scheduling a "Must-Run" Generator , Moved to <i>Day-Ahead Scheduling Manual</i> , Version 4.0, Section 4.2.4	02-04-13
TB-027	NERC Electronic Tagging under NYISO Operation , Moved to <i>Joint Energy Scheduling System User's Guide</i> , Version 1.0, Section 1.5	03-26-14
TB-028	Generator Weighting Factors for Zonal LBMP Calculations , Posting of Hub prices on the NYISO website (as described in this TB) were discontinued in July 2007	06-25-07
TB-029	Scheduling and Reporting Generator Dependable Maximum Net Capability (DMNC) Tests , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 5.7.5	10-30-15
TB-030	Bidding into the NYISO Locational Based Marginal Price Market from an External Control Area , See TB-037	09-11-07
TB-031	Minimum Generator Level Cost Determination , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7	03-30-09
TB-032	Non-Firm Bilateral Transaction Selection Process , Moved to <i>Day-Ahead Scheduling Manual</i> , Version 4.0, Section 3.4.2	02-04-13
TB-033	Activation of Operating Reserves , Moved to <i>Transmission & Dispatching Operations Manual</i> , Sections 2, 5, and 6	04-12-10
TB-034	Accounting for Station Service Load , see TBs 117-122	02-01-05
TB-035	Generator Settlement Rules During Ramping , Moved to <i>Accounting & Billing Manual</i>	02-29-12
TB-036	Day-Ahead Margin Recovery for Units with Day-Ahead Market Schedules , Moved to <i>Accounting & Billing Manual</i> , Section 4	01-20-10
TB-037	Proxy Buses , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7	03-30-09
TB-038	Transmission Service Charge Development & Updating , Moved to <i>Transmission Services Manual</i> , Section 4, and TB-039	11-06-07
TB-040	External Day-Ahead Market Transactions in the Balancing Market Evaluation , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 5	04-02-12
TB-041	Changing Transaction Bids for the Current Day in the Hour-Ahead Market , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7	04-06-09
TB-042	Regulation Penalty Calculation for a Generator , See <i>NYISO Market Services Tariff</i> , Rate Schedule 3, Section 5.2	07-15-03
TB-043	Transmission Facility Outage Scheduling Requiring Local Reliability Commitment , Moved to <i>Outage Scheduling Manual</i> , Section 2.2.3 and the <i>Outage Scheduler User's Guide</i>	12-15-11
TB-044	Generator Outage Notification , Moved to <i>Outage Scheduling Manual</i> , Sections 3.2.1, 3.2.4, 5.3, and Attachment B	12-15-11
TB-045	Out-of-Merit Generation , Moved to <i>Accounting & Billing Manual</i>	02-29-12
TB-046	Bidding Above ICAP Dependable Max. Net Capability in the DAM and RT Mkts , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7.4	05-17-06
TB-047	Updating Generator Physical Parameters in the Market Information System , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 4	09-14-09

Retired NYISO Technical Bulletins & Manuals

Technical Bulletin #	Title	Retirement Date
TB-048	Calculation of Hourly Locational Based Marginal Pricing Rates for Billing Reconciliations , See <i>NYISO Market Services Tariff</i> , Section 4.4	02-01-05
TB-049	Multi-Pass Methodology of Security Constrained Unit Commitment , Moved to <i>Day-Ahead Scheduling Manual</i> , Version 4.0, Section 4.3.1	02-04-13
TB-050	Off-Dispatch Units Scheduled as On Dispatch , Moved to <i>Transmission & Dispatching Operations Manual</i> , Sections 2 and 5	02-01-05
TB-051	Security Constrained Unit Commitment and Balancing Market Evaluation Rules , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 5	04-02-12
TB-052	Sink Price Caps for Export Transactions , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7	04-06-09
TB-053	Regulation Clearing Prices for the Day-Ahead and Real-Time Markets , Moved to <i>Ancillary Services Manual</i> , Section 4.6	02-01-05
TB-054	Reserve Clearing Prices for Day-Ahead and Real-Time Markets , Moved to <i>Ancillary Services Manual</i> , Section 6	02-01-05
TB-055	Installed Cap. Suppliers' DAM Bids in the NYISO MIS , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7	04-06-09
TB-056	Bid Caps in the Market Information System (MIS) , See TB-040	08-10-09
TB-057	Unbundling Transmission Congestion Contracts , Moved to <i>Transmission Congestion Contracts Manual</i> , Section 3 and <i>TCC Automated Market System User's Guide</i> , Section 5	06-26-11
TB-058	External Transaction Scheduling Messages and Curtailment Notification , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 5.2.3	02-11-16
TB-059	Interim Energy Recall Procedures for ICAP Suppliers , Temporary TB, expired on 11/01/00	11-01-00
TB-060	Revisions in Transmission Owner ICAP Data Submittals , Moved to <i>Installed Capacity Manual</i> , Appendix A, Attachment L	12-16-05
TB-061	Interchange Scheduler Plus (IS+) And How It Is Used For Real-Time Transaction Curtailments , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 5.2.2	02-11-16
TB-062	Locational Based Marginal Pricing - Meaning and Myths , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 3.3.1	11-13-15
TB-063	New York Independent System Operator Market Participant Support , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 4.1	07-16-14
TB-065	State-wide Load Forecast Used in SCUC , Moved to the <i>Day-Ahead Scheduling Manual</i> , Version 4.0, Section 6.1	02-04-13
TB-066	Calculation and Posting of ATC & TTC, as Applied to the NYCA , Moved to <i>Transmission Services Manual</i> , Section 7	02-01-05
TB-067	Automated Mitigation Procedure for the Day-Ahead Energy Market , See <i>NYISO Market Services Tariff</i> , Attachment H	12-16-05
TB-068	Temporary Reference Price Adjustment Request Process , Moved to <i>Reference Level Manual</i> , Version 1.1	06-13-14
TB-069	Zonal Price Capped Load Bidding in the Day-Ahead Market , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7.5.1	04-06-09
TB-070	Selling Energy from New England to New York , Withdrawn, never issued.	07-09-01
TB-071	Multiple Response Rates May Be Specified For Generating Units , Moved to <i>Day-Ahead Scheduling Manual</i> , Version 4.0, Section 4.2.5	02-04-13
TB-072	Bringing Units That Have Missed At Least One RTC Cycle Back On-Line After a Trip , Procedure no longer applicable	04-12-10

Retired NYISO Technical Bulletins & Manuals

Technical Bulletin #	Title	Retirement Date
TB-073	Payment for Uninstructed Over-Generation from Off-Dispatch Generating Units , Moved to <i>Accounting & Billing Manual</i>	02-01-05
TB-074	Virtual Bidding in the Day-Ahead Market , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7	05-27-11
TB-075	Procedure To Apply For CLR or ELR Classification , Moved to <i>Installed Capacity Manual</i> , Appendix A, Attachment M	02-04-08
TB-076	Energy Supplier Upper Operating Limits , Moved to <i>Installed Capacity Manual</i> , Appendix A, Attachment M	02-04-08
TB-077	Generator Start-Up Cost Guarantee , Moved to <i>Accounting & Billing Manual</i> , Section 4.1	08-01-12
TB-078	Penalties for Persistent Undergeneration , Moved to <i>Accounting & Billing Manual</i> , Section 5 and Appendix G and I	10-27-09
TB-079	Generator Commitments Due to 24-hour NOx Averaging Requirements , Moved to <i>Transmission & Dispatch Operations Manual</i> , Sections 5.7.4	11-04-14
TB-080	Loc Res Availability Clearing Prices , Moved to <i>Ancillary Services Manual</i> , Section 6	03-19-09
TB-081	Submitting Virtual Bids in the Day-Ahead Market , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7	09-14-11
TB-082	Allocation of Uplift Costs to Load and Other Entities Associated with Virtual Trading , Moved to <i>Accounting & Billing Manual</i> , Section 8.1.11	08-01-12
TB-084	Discounting of On & Off-Peak External Transmission Service Charge (TSC) Rates , Moved to <i>Transmission Services Manual</i> , Section 4 and TB-039	11-06-07
TB-085	Consolidated Monthly Invoice , Moved to <i>Settlement Data Application User's Guide</i> , Section 4	09-01-11
TB-086	Day-Ahead Market LBMP Calculations and Multi-Hour Block Transactions (MHBT) , Moved to <i>Day-Ahead Scheduling Manual</i> , Version 4.0, Section 4.4.2	02-04-13
TB-087	Unit Response During Reserve Activation , Moved to <i>Transmission & Dispatching Operations Manual</i> , Sections 2 and 6	04-12-10
TB-089	Prescheduling of Transactions for External LBMP or Bilateral Wheel-Throughs , Prescheduling of Transactions is no longer available, as of January 19, 2011.	01-27-11
TB-090	Submitting and Managing Preschedule Requests , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7 and 8	09-14-09
TB-091	Scheduling Annual Generator Reactive Capability Tests , Moved to <i>Ancillary Services Manual</i> , Section 3	06-08-07
TB-092	IESO / NYISO Transaction Scheduling Guidelines , Moved to <i>Transmission & Dispatching Operations Manual</i> , Sections 5.2.3	02-11-16
TB-093	Operating Reserve and Regulation Rule Changes Addressing SCUC/BME/SCD Price Convergence Issues , Moved to <i>Transmission & Dispatching Operations Manual</i> , Sections 5	02-01-05
TB-094	Templates for Downloading Hourly and SCD Customer Load Data , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 8	03-20-05
TB-095	Real-Time Mitigation of New York City Load Pocket Prices , See TB-067	12-31-04
TB-096	Delivering Inter-Control Area Installed Capacity (ICAP) Energy , Moved to <i>Transmission & Dispatching Operations Manual</i> , Sections 5.5	12-31-15
TB-097	30-minute Reserve Availability in the Hour-Ahead Market , Moved to <i>Transmission & Dispatching Operations Manual</i> , Sections 5 and 6	02-01-05
TB-098	Accessing Daily Reconciliation Reports , Moved to <i>Settlement Data Application User's Guide</i>	01-27-11
TB-099	Reserved (for future release)	N/A
TB-100	Applications of the NYSRC Reliability Rules , See TB-159	05-25-07

Retired NYISO Technical Bulletins & Manuals

Technical Bulletin #	Title	Retirement Date
TB-101	Template for Downloading Bilateral Transaction Data , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 8.3.19	03-30-05
TB-102	MIS Tools Support Web-Based Daily Customer Statement Reports , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7	12-10-04
TB-103	Voltage Support Service – Request for Qualification , Moved to <i>Ancillary Services Manual</i> , Section 3	06-08-07
TB-105	Creating an Open Scheduling System (OSS) Key Store , OSS was retired January 2007, see TB-149	01-17-07
TB-106	All Transaction Bid Changes Must Be Explicitly Confirmed by the Financially Responsible Party , OSS was retired January 2007, see TB-149	01-17-07
TB-107	Upload Download Timeout Parameter , See TB-157	04-03-08
TB-108	Reserve Shortage Pricing , Moved to <i>Ancillary Services Manual</i>	02-01-05
TB-110	NYISO Process for Notifications of Non-Compliance with Reliability Rules , See TB-132	11-06-06
TB-111	NYISO Monitoring of Local Reliability Rules , See TB-159	05-25-07
TB-112	Web Based Reconciliation Queries , Moved to <i>Settlement Data Application User's Guide</i>	10-16-07
TB-113	Generating Units Operating During Their Minimum Run Time , Withdrawn, never issued	N/A
TB-114	Settlements at non-competitive proxy busses , Withdrawn, never issued	N/A
TB-115	PJM Ramp Advisory Data on NYISO's Open Sched System (OSS) , OSS was retired January 2007, see TB-149	01-17-07
TB-118	Scheduling, and Reporting Station Power , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7	09-14-09
TB-119	Station Power Settlements and Calculation , Moved to <i>Accounting & Billing Manual</i> , Section 6 and 8, and Appendix M and N	10-22-09
TB-120	Reporting, Viewing, and Updating Station Power Data through Web Based Reconciliation , Moved to <i>Settlement Data Application User's Guide</i> , Section 2	09-24-09
TB-121	Ancillary Services Charges for Third-Party Station Power Providers , Moved to <i>Accounting & Billing Manual</i> , Sec 8, by type of Ancillary Service	10-14-09
TB-122	Changes to the Consolidated Invoice Resulting from Station Power Charges and the Station Power Report , Moved to <i>Accounting & Billing Manual</i> , Sections 1, 6 and Appendix N, <i>SDX User's Guide</i> for Station Power Reports, and TB-085.	01-28-10
TB-123	Real Time Settlement Rules at External Proxy Buses during BME Constrained Hours (Rules Formerly Applied under ECA b) , See <i>NYISO Market Services Tariff</i> , Section 17	04-04-13
TB-124	Templates for Downloading Station Power Data , Moved to <i>Settlement Data Application User's Guide</i> , Section 2	03-06-09
TB-125	Settlements for Day-Ahead Bilateral Transactions Involving Grandfathered Rights , Moved to <i>Accounting & Billing Manual</i> , Section 7	09-10-12
TB-126	NYISO Distribution of Resource Capacity Data to the NYCA Transmission Owners , Moved to <i>Ancillary Services Manual</i> Version 3.6 and <i>Installed Capacity Manual</i> Version 6.27, Section 4.2.6	11-04-14
TB-128	ISO Transmission Scheduling Procedure Following TO Requested Delays , Moved to <i>Outage Scheduling Manual</i>	08-20-09
TB-129	Cost Allocation Class Year Eligibility Requirements , See <i>Open Access Transmission Tariff</i> , Section 25.6.2.3	04-16-10
TB-130	Supplemental Resource Evaluation (SRE) Commitments , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 5.7.5	04-01-13

Retired NYISO Technical Bulletins & Manuals

Technical Bulletin #	Title	Retirement Date
TB-131	NYISO Vegetation Outage Reporting , Outage Form Transmission Owners are now required to report vegetation outages directly to the NPCC as required in NERC Reliability Standard FAC-003 "Transmission Vegetation Management Program"	10-09-08
TB-132	Notification Letters for Non-Compliance with New York and Regional Reliability Rules/Criteria/Standards , Moved to <i>Reliability Compliance and Enforcement Manual</i> , Section 5	01-09-08
TB-133	Verifying Prices & Schedules Posted in the DSS to Web Postings , See the DSS Intermediate Workshop course on the Market Training webpage	09-03-09
TB-134	Generator Op. Modes and "Qualified-to-Bid" Flags for Reserve under SMD2 , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7. Note that the term "qualified-to-bid" flag has been replaced by "authorization" flag.	09-14-09
TB-135	Transmission Loss Modeling under SMD2 Operation , Moved to <i>Day-Ahead Scheduling Manual</i> , Version 4.0, Section 4.3.3	02-04-13
TB-136	Dual Upper Operating Limits in SMD2 , Moved to <i>Installed Capacity Manual</i> , Appendix A, Attachment M	02-23-05
TB-137	Performance Tracking System (PTS) , Moved to <i>Accounting & Billing Manual</i> , Appendix G as well as the definitions for PTS in the <i>NYISO Market Services Tariff</i> and the <i>Open Access Transmission Tariff</i>	03-17-09
TB-138	Performance Tracking System (PTS) Settlement Determinants , Withdrawn, never issued. Moved to <i>Accounting & Billing Manual</i> , Appendix G, and definitions for PTS in the <i>NYISO Market Services Tariff</i> and <i>Open Access Transmission Tariff</i>	N/A
TB-140	System Protection Maintenance Compliance Reporting , Moved to <i>System Protection Manual</i> , Section 5	12-29-09
TB-141	Scheduling Transactions at the Proxy Generator Bus Associated with the Cross-Sound Scheduled Line , See TB-223	04-17-13
TB-143	Importing Your Certificate into the DSS Java Plug-in Control Panel , Discontinued. No longer applicable	08-07-09
TB-144	NYISO Market Participant Review and Verification of Transmission Congestion Contracts (TCCs) , Moved to <i>Transmission Congestion Contracts Manual</i> , Section 4.8	12-30-13
TB-145	15-Minute Scheduling of Internal Generation , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 5	04-02-12
TB-148	NYISO Test Procedure for Evaluating Power Factor Requirements for Wind Generation Interconnection Projects , Moved to <i>Transmission Expansion and Interconnection Manual</i> , Section 3.6.3	11-06-12
TB-149	OSS Retirement - Impact on Financially Responsible Party (FRP) Confirmation , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7 and 8	09-14-09
TB-151	Import Transactions , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 5.2.4	02-11-16
TB-152	TCC Market: PJM Proxy Bus Pricing and Scheduling , Moved to <i>Transmission Congestion Contracts Manual</i> , Attachment T	12-30-13
TB-153	Process and Schedule for Finalization of Day-Ahead Congestion Shortfall Settlements , See TB-181	06-18-09
TB-155	Special Settlement Rules for Generators Conducting Certain Scheduled Steady-State Tests , Moved to <i>Transmission & Dispatching Manual</i> , Section 6.7.6	08-30-18
TB-157	Comprehensive Bid Management System Changes , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 8	09-14-09
TB-159	Application of the NYSRC Reliability Rules and Local Reliability Rules , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 2	04-02-12
TB-160	Market Participant Notification of NYISO Network Power System Model Updates , Moved to <i>Reliability Analysis Data Manual</i> , Section 2.2	12-15-11
TB-162	Scheduling Transactions at the Proxy Generator Bus Associated with the Neptune Scheduled Line , See TB-223	04-17-13

Retired NYISO Technical Bulletins & Manuals

Technical Bulletin #	Title	Retirement Date
TB-163	ISO Authority to Respond to Transmission Violations on Bulk Power System Transmission Facilities , Moved to <i>Emergency Operations Manual</i> , Sections 1.1 and 3.3.1	11-29-17
TB-164	Targeted Zone J Demand Response , Moved to <i>Installed Capacity Manual</i> , Section 4.12.4	06-03-16
TB-165	NERC Generator Operator (GOP) Standards Compliance , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 2.2.3	04-28-16
TB-166	Automatic Underfrequency Load Shedding Reporting and Compliance , Moved to <i>System Protection Manual</i> , Section 4	12-29-09
TB-167	Status of Transmission and Generation Protection Systems , Moved to <i>Transmission & Dispatching Manual</i> , Section 4	04-03-12
TB-168	Transmission Owner Emergency Notifications , Moved to <i>Emergency Operations Manual</i> , Version 6.9 Section 1.3.1	04-01-13
TB-169	NYISO External IP Address Changes , Discontinued. For information on NYISO External IP Addresses (primary and alternate), please call the NYISO Customer Relations Help Desk at 518-356-6060, or your Customer Representative.	10-29-09
TB-170	Coordination of Power Line Carrier Frequencies , Moved to <i>System Protection Manual</i> , Section 3.4	12-29-09
TB-171	Monitoring Viability of Solutions to Meet Reliability Needs - NYISO Process , Moved to <i>Reliability Analysis Data Manual</i> , Section 9.1	06-02-14
TB-172	Application of DME Equipment , Moved to <i>System Protection Manual</i> , Section 2	12-29-09
TB-173	Settlement Automation of Ramapo PAR, Station 80, and Local Black Start/System Restoration Services , Moved to <i>Accounting & Billing Manual</i>	02-29-12
TB-174	Reporting Transmission And Generation Protection System Operations and Protection System Performance , Moved to <i>System Protection Manual</i> , Section 1	12-29-09
TB-175	Upgrade to Business Objects XI R2 (DSS) , See the DSS Intermediate Workshop course on the Market Training webpage	08-24-09
TB-177	Supplemental Resource Evaluation (SRE) Settlement Enhancements , Moved to <i>Accounting & Billing Manual</i>	02-29-12
TB-178	Bidding and Scheduling Error Messages , Moved to <i>Market Participant User's Guide (MPUG)</i> , Version 8.8, Section 9, and <i>Joint Energy Scheduling System User's Guide</i> , Version 1.0, Section 3.4	04-02-14
TB-179	Situation-Specific Settlement Rules , Moved to <i>Accounting & Billing Manual</i>	02-29-12
TB-180	NYISO and MPs' Coordination of Responsibilities for NERC Standards , Withdrawn, never issued. See the NERC Standards Guidance Matrix (2 separate links) on the NYISO Reliability Compliance webpage	N/A
TB-181	Process for Finalization of Day-Ahead Congestion Shortfall Settlements , Moved to <i>Accounting & Billing Manual</i> , Section 10	09-10-12
TB-182	Day-Ahead Reliability Unit Commitments , Moved to <i>Day-Ahead Scheduling Manual</i> , Version 4.0, Section 4.2.6	02-04-13
TB-183	NYISO Actions During Neighboring Control Area Transmission Loading Relief (TLR) Events , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 5.2.3	02-11-16
TB-184	Scheduling Transactions at the Proxy Generator Bus Associated With the Linden VFT Scheduled Line , See TB-223	04-17-13
TB-186	Treatment of Long-Term Special Case Resource (SCR) Shutdowns , Moved to <i>Installed Capacity Manual</i> , Section 4.3.3	03-20-12
TB-187	Reserve Shortage Operating Protocol , Moved to <i>Emergency Operations Manual</i> , Section 4.4.3	01-05-16
TB-188	Large Facilities Interconnection Status Reporting , Moved to <i>Reliability Planning Process Manual</i> , Section 9.2	06-02-14

Retired NYISO Technical Bulletins & Manuals

Technical Bulletin #	Title	Retirement Date
TB-189	Alloc.of Transitional Grandfathered Import Rights and Granting of Wheels-Through during the Winter 2009-2010 Capability Period , Withdrawn, never issued. Moved to <i>Installed Capacity Manual</i> , Section 4	N/A
TB-190	Reactive Power Testing For Non-VSS Generators , Moved to <i>Reliability Analysis Data Manual</i> , Section 2.3.2	12-15-11
TB-191	Non-ICAP NYCA Generators Must Report Capacity Data as Required by NPCC Directory #9 , Moved to <i>Reliability Analysis Data Manual</i> , Section 2.3.1	12-15-11
TB-192	Interim Capability Year Adjustment Procedure , Moved to <i>Installed Capacity Manual</i> , Section 4.14	04-01-11
TB-193	Alloc.of Transitional Grandfathered Import Rights for the Summer 2010 Capability Period , Moved to <i>Installed Capacity Manual</i> , Section 4.9	04-01-11
TB-194	Maximum Allowances for Installed Capacity Provided by Resources Outside the NYCA (Excluding Resources Using UDRs) in Capability Year 2010-2011 , See TB-200	03-02-11
TB-195	ISO and Transmission Owner Target Voltage Level Program , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 4.2.2	02-11-16
TB-196	Generator and Transaction Upload/download Template Changes , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 8	07-26-11
TB-197	Modeling of Dual Yard Units at the Astoria East and West 138 kV Station in Interconnection Studies , Moved to <i>Transmission Expansion and Interconnection Manual</i> , Section 3.6.4	11-06-12
TB-198	Demand Response Event Payments When Performance is Concurrent with a DADRP Schedule , See the DADRP Registration Packet located on the Demand Response Program market website	09-12-13
TB-199	RIP Data Obligations for SCRs , Moved to <i>Installed Capacity Manual</i> , Section 4	03-02-11
TB-200	Maximum Allowances for Installed Capacity Provided by Resources Outside the NYCA (Excluding Resources Using UDRs) for Capability Year 2011-2012 , Moved to <i>Installed Capacity Manual</i> , Section 4.9	04-29-11
TB-201	Enrollment of Special Case Resources (SCRs) in the ICAP Market , Moved to <i>Installed Capacity Manual</i> , Section 4.12.2	06-03-16
TB-202	Out of Period Black Start Testing , Moved to <i>Ancillary Services Manual</i> , Section 7.1	12-31-13
TB-203	Minimum Run Times Extending Past the Commitment Period, Late Day Start Commitments , Moved to <i>Market Participant User's Guide (MPUG)</i> , Section 7.3.1	11-13-15
TB-204	Determining External ICAP Market Clearing Price , Moved to <i>Installed Capacity Manual</i> , Section 5.15	09-26-11
TB-205	Data Collection and Reporting Obligations of a RIP for SCRs Enrolled with Provisional Average Coincident Load (ACL) Values , Moved to <i>Installed Capacity Manual</i> , Version 6.19, Section 4.12.4.2	11-19-13
TB-206	Weekly Invoicing Procedure , Moved to <i>Accounting and Billing Manual</i> , Section 1 & 3	08-01-12
TB-207	Revised TCC Bidding Points for Astoria 3, 4, and 5 Generators , Moved to <i>Transmission Congestion Contracts Manual</i> , Section 4.4.7	12-30-13
TB-208	Automatic Generation Control (AGC) and Regulation Services Resources , Withdrawn, no longer applicable	11-03-11
TB-209	NYISO Methodology for Determination of Facilities Subject to NERC Standard PRC-023-1, Transmission Relay Loadability , Superseded by the methodology prescribed by PRC-023-2	01-02-14
TB-210	New Terms & Requirements For Participation in the Demand Side Ancillary Service Program (DSASP) Via Direct Communications with the NYISO , Moved to <i>Ancillary Services Manual</i> , Version 3.26, Section 6.2.3.6.2 and 6.2.4.1	11-19-13
TB-211	Regulation Service Prequalification Performance , Moved to <i>Ancillary Services Manual</i> , Version 3.26, Section 4.11.2	12-31-13
TB-212	UCAP Values of Special Case Resources in ICAP Automated Market System , Moved to <i>Demand Response Information System User's Guide</i> , Version 1.4, Section 9	03-14-13

Retired NYISO Technical Bulletins & Manuals

Technical Bulletin #	Title	Retirement Date
TB-213	(Interface Pricing) Method for Modeling Unscheduled Power Flows , See <i>NYISO Market Services Tariff</i> , Section 17.1.1.1.1 and 17.1.1.1.2	01-14-15
TB-214	Enhanced Loss Modeling in the TCC Auction , Withdrawn, no longer applicable	N/A
TB-216	Determination of Special Case Resource (SCR) Performance Factors , Moved to <i>Installed Capacity Manual</i> , Version 6.22, Section 4.12.2.1	11-19-13
TB-217	Procedures for use of Behind the Meter Generation in the Special Case Resource (SCR) Program to Prevent Double-Counting , Withdrawn in response to FERC's December 10, 2012 Order in docket EL12-56	12-19-12
TB-218	Reference Level Consultation Processes , Moved to <i>Reference Level Manual</i> , Version 1.1	06-13-14
TB-219	Transaction Upload/Download Template Changes for June 2012 Software release , Moved to <i>Market Participant User's Guide (MPUG)</i> , Version 8.7, Section 8	04-01-13
TB-220	Generator Upload/download Template Changes , Moved to <i>Ancillary Services Manual</i> , Section 4 and <i>Market Participant User's Guide</i> , Section 8	09-11-17
TB-221	Unit Testing to provide Regulation Service; Interim Procedure , Moved to <i>Ancillary Services Manual</i> , Version 3.24, Section 4.11.2	10-29-13
TB-222	Non-Historic Fixed Price TCC Reduction Process , Moved to <i>Transmission Congestion Contracts</i> , Section 8.3	12-30-13
TB-224	Correction to the Emergency Demand Response Program Manual, Manual 7, Version 7.0 , Moved to <i>Emergency Demand Response Program Manual</i> , Version 7.0, Section 5.2.2	10-03-13
TB-225	TCC Markets - Maximum Permitted Number of Individual Bids , Moved to <i>Transmission Congestion Contracts</i> , Section 4.2.8 and 4.2.9	08-27-15
TB-226	Revisions to the Installed Capacity Manual, Manual 4, Version 6.24 , Moved to <i>Installed Capacity Manual</i> , Section 4.12	05-01-14
TB-227	TCC Market - Modeling of the Station 124 PARs , Moved to <i>Transmission Congestion Contracts Manual</i> , Section 3.5.1	08-27-15
TB-228	Attachment Y Planning Study Inclusion Rules for Existing Generators Returning to Operation from Retirement or Mothball State , Moved to <i>Reliability Planning Process Manual</i> , 3.1	04-01-16
TB-229	Default Generator Voltage Schedule , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 2.2.6	04-28-16
TB-230	Maximum Allowances for Installed Capacity Provided by Resources Outside the NYCA (Excluding Resources Using UDRs) for Capability Year 2015- 2016 , Moved to <i>Installed Capacity Manual</i> , Section 4.9.6	03-13-15
TB-231	TCC Market - Modeling of the Pilgrim PAR , Moved to <i>Transmission Congestion Contracts Manual</i> , Section 3.5.1	08-27-15
TB-232	Procedures for Qualified Developers Proposing Transmission Projects , Moved to <i>Reliability Planning Process Manual</i> , Section 3.1	04-07-16
TB-233	NERC MOD-025-02 Verification and Data Reporting of Generator and Synchronous Condenser Real and Reactive Power Capability , Moved to <i>Reliability Analysis Data Manual</i> , Section 2.6	07-01-16
TB-234	Process for Determining the Status of Series Reactors that are under ISO Operational Control , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 4.2.4	08-30-18
TB-235	NERC Distribution Provider (DP) Standards Compliance , Moved to <i>Transmission & Dispatching Operations Manual</i> , Section 2.2.3	08-30-18
TB-236	TCC Market- Effective Date of Temporary Awards of Incremental TCCs , Moved to <i>Transmission Congestion Contracts Manual</i> , section 6.4.1	08-07-17

Retired NYISO Technical Bulletins & Manuals

Technical Bulletin #	Title	Retirement Date
TB-237	Local Generator requirements in the Day-Ahead Demand Response Program , Moved to <i>Day Ahead Demand Response Program Manual</i> , section 3	12-03-18
TB-238	NYISO Determination of Adverse Material Impact of Modeling Discrepancies , Moved to <i>Reliability Analysis Data Manual</i> , Section 2.5	06-01-19
TB-239	System Network Representation - Geomagnetic Induced Current , Moved to <i>Reliability Analysis Data Manual</i> , Section 2.1.1	06-01-19
TB-240	TCC Market: PJM Keystone Proxy Bus Pricing and Scheduling , Moved to <i>Transmission Congestion Contracts Manual</i> , Attachment T	08-07-17
TB-241	Data Screening Procedure , Moved to <i>Reliability Analysis Data Manual</i> , Section 2.4	06-01-19
TB-242	Acceptable Generator Dynamics Model Criteria , Moved to <i>Reliability Analysis Data Manual</i> , Section 3.4.6	06-01-19
TB-243	Automatic Fuel Swap Testing: Con Edison “MOB” , Moved to <i>Ancillary Services Manual</i> , Sections 8.1, 8.2, 8.3, 8.4, and 8.5	07-17-19
TB-244	Power System Changes – Notification Requirements , Moved to <i>Reliability Analysis Data Manual</i> , Section 4	06-01-19
TB-246	TCC Market: PJM-NYISO Interconnection Scheduling Protocol , Moved to <i>Transmission Congestion Contracts Manual</i> , Attachment T	03-03-20
TB-247	Responsible Interface Party (RIP) and Curtailment Service Provider (CSP) Meter Data Submission , Moved to <i>Meter Services Entity Manual</i>	05-01-20
TB-248	TCC Market: Modeling of the Rainey PAR , Moved to <i>Transmission Congestion Contracts Manual</i> , Section 3.4.1	03-03-20
TB-249	TCC Market: Modeling of the Blissville PAR , Moved to <i>Transmission Congestion Contracts Manual</i> , Section 3.4.1	03-03-20
TB-251	Regional Load Growth Factors in the ICAP Market Load Forecast , Moved to <i>Load Forecasting Manual</i> , Section 2.3.7	12-01-20
TB-253	Load Forecast Reporting for Large Load Interconnections , Moved to <i>Load Forecasting Manual</i>	12-05-22
TB-253 Att A	Load Forecast Reporting for Large Load Interconnections – Attachment A , Moved to <i>Load Forecasting Manual</i> , Attachment A	12-05-22
TB-254	TCC Market: Modeling of the Vinegar Hill PAR , Moved to <i>Transmission Congestion Contracts Manual</i> , Section 3.6.1	01-02-24
TB-255	TCC Market: Modeling of the Second Vinegar Hill PAR , Moved to <i>Transmission Congestion Contracts Manual</i> , Section 3.6.1	01-02-24
TB-257	TCC Market: Modeling of the East Garden City PARs , Moved to <i>Transmission Congestion Contracts Manual</i> , Section 3.6.1	01-02-24
TB-258	TCC Market: Modeling of the Hurley Avenue PAR , Moved to <i>Transmission Congestion Contracts Manual</i> , Section 3.6.1	01-02-24

Retired NYISO Technical Bulletins & Manuals

Manual #	Title	Retirement Date
	Communication Interface Manual	06/15/2006
	Customer and Administrative Services Manual	03/04/2004
	Documentation and Publication Administration Manual	03/17/2004
M-16	Reliability Assessment And Enforcement Manual ; Moved to <i>Reliability Compliance and Enforcement Manual</i>	11/27/2007
M-28	Backup Operations Manual ; Moved to <i>Emergency Operations Manual</i>	04/01/2016
M-31	Transmission Services Manual	07/13/2021
M-32	Administrative Practices Manual ; See Section 3.5.1 of the <i>NYISO Market Services Tariff</i>	08/16/2013
