

Emergency Demand Response Program (EDRP) Manual Revisions

Alexis Hormovitis

Analyst, Distributed Resources Operations

BIC

Teleconference

December 15, 2021

Agenda

- **Background**
- **Proposed Revisions to EDRP Manual**
- **Schedule**

Background

Background

- **The NYISO filed tariff revisions on September 13, 2021 to modify the types of entities eligible to provide metering and/or meter data services.**
 - The updated revisions explicitly allow municipal electric utilities to provide metering and/or meter data services for Demand Side Resources.
 - FERC accepted the NYISO's filing and the tariff revisions became effective on November 13, 2021
- **This material was presented to the ICAP WG on October 5, 2021**
- **We are here today to present proposed related EDRP manual revisions.**

Proposed Revisions to EDRP Manual

Proposed Revisions to EDRP Manual

- **Updated Meter Authority Definition:**

*Meter Authority (“MA”) – An entity that is responsible for the calibration, maintenance, operation, and reporting of metered data from an electric revenue meter used in the wholesale electricity markets administered by the NYISO (i.e., a Member System, ~~or~~ Meter Services Entity, **or municipal electric utility**).*

Schedule

Schedule

- **December 15, 2021 BIC**

Our mission, in collaboration with our stakeholders, is to serve the public interest and provide benefit to consumers by:

- Maintaining and enhancing regional reliability
- Operating open, fair and competitive wholesale electricity markets
- Planning the power system for the future
- Providing factual information to policymakers, stakeholders and investors in the power system
