

OPEN ACCESS TRANSMISSION & MARKET ADMINISTRATION AND CONTROL AREA SERVICES TARIFFS

SCHEDULE 1 RATES FOR 2019

The intent of this posting is to describe the 2019 Schedule 1 rates that will be charged under the Open Access Transmission [OATT] and Market Administration and Control Area Services Tariffs [MST]. This notice is based upon the presentation materials accompanying the Management Committee's October 31, 2018 motion recommending the approval of the proposed 2019 NYISO Budget by the Board of Directors.

It should be duly noted that Market Participants have directed the NYISO to administer the Schedule 1 rates for both tariffs to provide for a fixed monthly rate of \$1.071 per megawatt-hour for 2019; however, each tariff provides for monthly variances to address seasonal volume variations. As a result of the fixed rate mandate, there is the potential to over-/under-collect for these costs. The NYISO will monitor the cost recovery of Schedule 1 and will report such trends to market participants periodically throughout the year.

Note that actual Rate Schedule 1 recoveries from Non-Physical Transactions will be refunded to withdrawals and injections on a 72/28 basis.
