

## Spring 2023 Centralized TCC Auction – Update to Secured Facilities

The NYISO will secure the lines shown in the table below in TCC auctions starting with Round 8 of the Spring 2023 Centralized TCC Auction.

PTID	Line Name
25017	LINDEN -GOETHALS_230_A2253
25587	REYNOLDS-ALPS_____345_1

For additional information related to PTID 25017, please see the March 14, 2023 marketplace announcement titled “Update to Secured Facilities in the Market Models – April 2023.” The text of the above-referenced announcement is provided below for your convenience:

As part of NYISO’s planned April 2023 software deployment, currently scheduled for April 12, 2023, additional facilities will be included to be priced in the NYISO’s Energy Market Model. Please see [Attachment A](#) of the Outage Scheduling manual for the complete list of facilities that are priced in the Energy Market, indicated by a ‘Y’ in the column labeled ‘BMS Secured’. The following will be added to the list of facilities treated as ‘BMS Secured’, effective (1) in the Real-Time Market on the deployment date; and (2) in the Day-Ahead Market execution occurring on day after the deployment date for the next market day. The NYISO’s [CRM Posting](#), as well as [Attachment A](#) of the Outage Scheduling manual, will also be updated accordingly.

PTID	EQUIPMENT NAME	FROM BUS NAME	FROM BUS KV	TO BUS NAME	TO BUS KV	CRM Value
25017	A2253	LINDEN	230	GOETHALS	230	20

Please refer to [Attachment A](#) of the Outage Scheduling manual as the official source for this information.

The NYISO expects to secure the above facility in the TCC auctions starting with Round 8 for six-month TCCs. This will be confirmed in the upcoming update notice for secured facilities in TCC Auctions.
